Board of Supervisors Bella Collina Community Development District

Dear Board Members:

The regular meeting of the Board of Supervisors of the Bella Collina Community Development District will be held **Thursday**, **July 10**, **2025 at 10:00 a.m. at the Siena at Bella Collina**, **16300 County Road 455**, **Montverde**, **Florida**. Following is the advance agenda for the regular meeting:

- 1. Roll Call
- 2. Public Comment Period
- 3. Approval of Minutes of the April 10, 2025 Meeting
- 4. Public Hearing
 - A. Consideration of Resolution 2025-09 Adopting the Fiscal Year 2026 Budget and Relating to the Annual Appropriations
 - B. Consideration of Resolution 2025-10 Imposing Special Assessments and Certifying an Assessment Roll
- 5. Review and Acceptance of Fiscal Year 2024 Audit Report
- 6. Ratification of Series 2024 Requisitions #34 #35
- 7. Ratification of Agreement with Mack Concrete Industries, Inc. for Irrigation Well Improvement Services and Installation of Irrigation Pump Stations
- 8. District Goals and Objectives
 - A. Adoption of Fiscal Year 2026 Goals and Objectives
 - B. Presentation of Fiscal Year 2025 Goals and Objectives and Authorization to Chairman to Execute
- 9. Staff Reports
 - A. Attorney
 - B. Engineer
 - C. District Manager's Report
 - i. Approval of Check Register
 - ii. Balance Sheet and Income Statement
 - iii. Approval of Fiscal Year 2026 Meeting Schedule
 - iv. SBA Florida PRIME Monthly Summary Report
 - D. Field Manager's Report
- 10. Other Business
- 11. Supervisor's Requests
- 12. Adjournment

The balance of the agenda will be discussed at the meeting. In the meantime, if you have any questions, please contact me.

Sincerely,

George S. Flint

George S. Flint District Manager

Cc: Jan Carpenter, District Counsel Steve Boyd, District Engineer Paul Simonson, DCS Real Estate Investments

MINUTES

MINUTES OF MEETING BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT

The regular meeting of the Board of Supervisors of the Bella Collina Community Development District was held Thursday, June 12, 2025 at 10:00 a.m. at the Bella Collina Clubhouse, 16350 Vetta Drive, Montverde, Florida.

Present and constituting a quorum were:

| David Burman | Vice Chairman |
|------------------------|---------------------|
| Duane Owen | Assistant Secretary |
| Andy Gorrill | Assistant Secretary |
| Rick Scharich by phone | Assistant Secretary |
| | |

Also present were:

| George Flint | |
|---------------------|--|
| Jan Carpenter | |
| Steve Boyd by phone | |
| Robert Szozda | |

District Manager District Counsel District Engineer Field Manager

FIRST ORDER OF BUSINESS Roll Call

Mr. Flint called the meeting to order. Three Board members were in attendance constituting a quorum. Mr. Scharich joined by phone.

SECOND ORDER OF BUSINESS

Public Comment Period

Mr. Flint: Are there any public comments? Hearing no comments, the next item followed.

THIRD ORDER OF BUSINESSApproval of Minutes of the April 10, 2025Meeting

Mr. Flint: You have approval of the minutes from your April 10, 2025 meeting. Did the Board have any comments or questions to the minutes?

On MOTION by Mr. Gorrill, seconded by Mr. Owen, with all in favor, the Minutes of the April 10, 2025 Meeting, were approved, as presented.

FOURTH ORDER OF BUSINESS

Ratification of Requisition #29 – #31 and Consideration Series 2024 Requisitions #32 - #33

Mr. Flint: These requisitions were signed by your District Engineer except for the two that are being approved. We are asking the Board to ratify #29 - #31 and approve #32 and #33. Were there any questions on those?

On MOTION by Mr. Burman, seconded by Mr. Owen, with all in favor, Requisitions #29 - #31 were ratified and Series 2024 Requisitions #32 - #33, were approved.

FIFTH ORDER OF BUSINESS

Presentation of Water, Wastewater, and Irrigation Rate Study – Under Separate Cover

Mr. Flint: The Board had previously engaged Willdan to perform a water waste water irrigation rate study for the District. This was originally initiated as a result of us transitioning from ground water to surface water for the irrigation system. Also, in the course of the study looking at recommendations that would assist the District in encouraging conservation of water. Tara Hollis with Willdan is here. The plan would be that she would present the rate study today and then the Board would authorize us to advertise a rate hearing that requires a 29- and 28-day notice. I think we are planning on the August meeting or special meeting in July.

Mr. Szozda: I say whatever the permit says. August will be fine.

Mr. Flint: We would be asking after the presentation if you are comfortable to authorize us to set a rate hearing for your August meeting. Tara, do you want to take it away?

Ms. Hollis: Sure. On slide 3 you get the system background and this is to let you know the water, sewer and irrigation systems are owned and operated by Bella Collina CDD. You have two treatment plants. The Hillcrest Water Treatment Plant and then the Pine Island Water Treatment Plant. You have one sewer treatment plant. They are located on Vetta Drive and also the Pine Island Water Treatment Plant off Cavallo Drive as well as the sewer treatment plant. You are in the process of putting in the new surface water irrigation system that is under construction. Again, you have two separate consumptive use permits, one for Pine Island which we refer to as Bella Collina East and a separate for Hillcrest which is Bella Collina West. All of your customer information is broken down also so we know if they are customers in Pine Island or Bella Collina East versus Hillcrest. That is going to become important when we start talking about the irrigation rate structure that we are proposing once the new system is online. The consumptive use permit

has the following elements. It looks at the location where water is extracted from for use. Right now, you are currently on ground water and you are looking at moving irrigation to surface water. You have limits for what can be extracted to use both for your potable water indoor usage as well as for irrigation usage. The aspects of system configuration and operations for providing the potable, irrigation, and wastewater treatment, those have to be in accordance with both state and federal regulations. The issues driving the rate study, you want to make sure you have enough revenue to cover your operating expenses, day to day expenses, and your capital expenditures. Right now, revenue isn't the real issue driving this. The issue is the resource conservation and making sure you are in compliance with the consumptive use permits. But basically, any rate study you are looking at, you want to be as fiscally responsible to perform a rate study to make sure you you're recovering enough from the rate so that you're matching the expenses to the system and to the rates that are being generated by the system. Utility financial needs, inflation has been crazy so you have increasing operating and maintenance costs with ongoing capital expenditures which again continue to increase. They're increasing even faster than just general inflation. The installation of this new surface water system, the surface water system itself is being paid with the bonds. So that's not coming through the rates, the actual initial capital cost associated with the system. But you do also have to make sure that your rates are going to generate enough to continue to maintain and provide maintenance and renewal and replacement to that system. We've also done a capital reserve study for you. So, we talked about how much you need to keep in reserves. You want to make sure you're maintaining reserves for future capital projects. So that's one of the components. We wanted to make sure that you weren't using all of those reserves going forward in this five-year projection period. You want to make sure you're maintaining those as well as maintaining an operating reserve so that you have enough to cover your operating expenses. So, we normally look at 90 to 180 days, if not more on hand for your operating reserve. We just went through every line-item expense, allocated that to water, wastewater, irrigation and then are making sure the new rates recover those costs that are associated with each system. Basic rate principles. Our rates must be fair, just, equitable and nondiscriminatory. So, we can't set a rate that's just for one class because we like that class of customer. We need to make sure they're just equitable and nondiscriminatory. There should be a direct relationship between the cost of the service and the customer receiving the benefit of that service. Customers should pay for what they use. They should recover the appropriate cost of service and they must provide the revenue

required to provide for the health, safety and welfare of the customers being served. We need to make sure you're generating enough revenue so that you can maintain and operate the system. The primary goals and objectives of the rate study are full cost recovery of utility expenditures, costbased rate structure, equity among the customer classes, it's administratively efficient. We spent a lot of time with your billing customer service to make sure what we're recommending could go. We did spend time; we sat down with Teresa and also the person that set up your billing software to make sure this could be accommodated. Anything that we recommended could be accommodated by your current billing system. And like I said, we're not just looking at this year, but we basically started with 2025 as our base year, but then we're recommending the rates and some rates for basically a change right at the end of this year to get the system online and then rates from 2026 all the way through 2030. Then you have consistency with common industry standards. American Water Works Association sets up some basic guidelines for establishing rates. We want to make sure that we're consistent with that as well as there's recommendations from the water management Districts on conservation rates and conservation rate structures. Everything that we're looking at is promoting and in line with those guidelines. The basic process, you can see all these different boxes, but basically what we do is we need to get your numerator, which is going to be all your costs that needs to be recovered. That is the basic concept is your numerator, your cost, your expenses, what you need in recovery, your fiscal requirements we are going to call them, your denominator. Then usage characteristics; this next chart restates what we already stated make sure you're in line with industry standards. We want to look at your existing rate structure and the impact you're going to have on existing rates customers. We want to make sure what kind of impact it's going to have on your water conservation goals. We sat down and went through what the projected growth was going to be – an absorption schedule for the remaining lots that you have in Bella Collina and then we also do a comparison towards the end with what neighboring utilities are charging. We put that in there, but your costs are your costs. So, your rates are what your rates are. Your existing rate structure, you have a base charge or a minimum charge that's applied per meter size. Your meters, American Waterworks Association has what they call water meter equivalencies. So, for different meter sizes they equate that to what a typical single family, three quarter, you know, five eighths and three-quarter inch meters. You start with three quarter inch meters here and right now your rate structure basically follows that. So, you're in line with just a few rounding differences. And we're going to put them back to being the exact equivalencies. But

you know you were 24.4 because you've been increasing it each year and with the rounding that one should be 25. But that's how you basically do your base charge or your minimum charge. So, everybody gets charged that per month based on meter size whether you use water or not. So that's basically to recover some of your fixed costs because whether somebody's here using it or not, you've had to build the capacity for them. And then the volumetric rates, that's applied per thousand gallons of metered or billable flow. Like I said, your base charge is based on meter size so you get a separate base charge for water, irrigation and for wastewater. Wastewater typically doesn't have a meter so your wastewater is based on what your water meter size is. You could potentially have different meter sizes for your water and your irrigation so that you may have a slight difference there. There weren't too many that have that difference, but there were some customers that do. Your water volumetric charges, it's an inclining block rate structure. You currently have four blocks. The block allowances are supposed to be per ERC which means basically if you're a larger or commercial customer, your block allowances could typically be adjusted because you have a large meter and therefore you would have more water allowed in your first block. If the first block was 0 to 10 instead of if you had five equivalencies, your first block would be 0 to 50,000 but that again is based on the fact you're also paying a higher base charge because you have a larger meter size. The wastewater volumetric charges. It's the same rate for all customers. We do currently cap on residential customers wastewater at 10,000 gallons a month. It's based on your usage from your potable water meter. If you're using 20,000 gallons on your potable water meter, not irrigation meter, you're only going to pay 10,000 gallons currently for wastewater. We're going to address this a little later and talk about some changes that maybe should occur to that and why. Commercial usage is not capped. So, any water usage they have on their water heater should be paying wastewater for all of that. If they use 100,000 gallons for the month, they should be paying 100,000 gallons of wastewater. So, what was done is we sat down with you and got several of your historical data and your current operating budget. We looked and allocated that into O&M, any renewal replacements that you have, any pay as you go capital that you have, because right now you don't have it separated into a water, sewer, irrigation budget. We went through and sat down line item by line item and allocated that to either water, wastewater or irrigation. We also sat down with Rob and went through some of the expenditures and costs that are projected once the new irrigation system is online so that we make sure that we have those in there and recover those. So additional labor that you may have, additional maybe chemical expense, those types of things, wanted to

Bella Collina CDD

make sure that we had that so we start that in the 2026 budget. We're assuming those in there. Then we did that pro forma through 2030. So, we take for every line item and put escalation factors on each line item for inflation, or some of your labor is going to go up. Labor typically goes up a little faster than inflation, a little higher than inflation. So, we did each of those line items and then this is all put into an interactive computer model that we can look and run different scenarios, make different adjustments, see what happens if we make those adjustments and what impact that would have. We also went through multiple years of your customer data so we have that by block. We know how much usage every customer is using and we're also able to adjust the blocks that we want to adjust the allowances in each block. Then we can make those adjustments and see what impact that would have. I'm going to preface this as we go through this now. We're looking at two things. Right now, you're having an issue with exceeding your consumptive use permit. We want to put something in place and we're going to make some recommendations on some changes you can do to your rates right now before the new irrigation system is on, and then some of these other adjustments will come once that new irrigation system is on. I think we were assuming this was maybe going to be at the July meeting. So, one set that we're going to show coming in August 1st, that may be September 1st. Then with the irrigation system, we made the assumption that it would be online no later than July of 2026. We have those new rates, the revamped rates structure modifications, those coming in effective July 1, 2026. So, three things we're going to look at is adjust your rate factors between your blocks, elimination of the wastewater cap, and then adjusting the block allowances for the irrigation rates. The first thing when we talk about rate factors between the blocks, that means for example, if you're on your existing structure, it's higher than a dollar. But it's easier for me to show you here. If your first block was a dollar, your second block rate is \$1.23. Your third is \$1.85. What we're looking at again, your rate is slightly higher than that. But what you're looking at is proposing higher differentials between the block to promote conservation.

Mr. Flint: What are these first two columns? You have existing and proposed, and then you have existing again.

Ms. Hollis: The first is water.

Mr. Flint: That is irrigation, okay. I got it.

Ms. Hollis: I could put it either on top or the bottom. The second is irrigation. But why that one has so many columns now is because once we get on the new irrigation system, we're going to propose different blocks for your Pine Island versus your Hillcrest customers. What we're

looking at right now is you've got to get people to start conserving. You have several customers that are using 50,000 to 60,000 gallons a month, and on waste and on irrigation, kind of the same thing, which is exceeding your permit. We need to get them to start cutting back on their usage. One typical way is to make the inclining block rate structure a little more inclining, so a little more punitive. What we're recommending is you make that we're going to call it a super rate for block four for water and right now what's going to be block three, because your irrigation only has three blocks. So, we're looking at putting a super rate in that's going to make that rate per 1,000 gallons \$14.03. I have the structure in a few more pages, but that's trying to get people to start cutting back, getting used to being a little more conservative, we need to be a little more careful and pay attention to what we're using. That is going to hit right now at the 20,000-gallon mark. Your fourth block for water is at 20,000. It's kind of the same thing for irrigation. We're trying to get people to start cutting back. We are recommending until you get the new irrigation system online, you start getting them to cut back. We start getting this in their heads, we're having this higher rate. Then we will talk about what we're going to do for Hillcrest and Pine Island after. The second thing we are looking at is eliminating the wastewater cap. Wastewater cap is typically there because it's supposed to account for the fact that you don't use all your water inside. That's the logic behind the cap is because you have outside use for water. However, here you have pretty much every customer has an irrigation meter. So, what's going through their potable water meter should be for inside usage. Therefore, it's not really justified to have that cap because anything coming through their potable water meter should really be for inside and not outside usage, which means it's going back into the wastewater system. If it's outside usage, it doesn't come back in the system. So, that's the logic of why you have a cap too, because you're not putting it back on the system. But here what's going in from the potable water meter should be going back into the system. So really, you're looking at eliminating because if people are putting more back in the system than they're paying for, then everybody's having to pay those costs because you're not paying for what impact you're having on the system. If you're using 20,000 gallons and putting 20,000 gallons back and you're only paying for 10, everybody else is having to pay that upkeep for the portion that you're using. So that's the logic of why we're looking at removing the wastewater cap. Again, for commercial, it's already in there because it was already assumed that everybody would get the water, that's all for inside use because again, commercial already has a separate irrigation meter. It's just following the same logic that you're following for your, I know you don't have very many

Bella Collina CDD

commercial customers. And we also call a master, which this building is a master meter, residential. That would be eliminated then for everyone and then the block allowances for the irrigation rates. We went back and forth several times with your Engineers, made sure we were understanding the consumptive use permits and the allocations of the usage based on the consumptive use permits. What you have is the different lots and different lot sizes are allocated a different amount of usage per year in line with your consumptive use permit. The Hillcrest lots are approximately 39,300 gallons per year that can be used for irrigation. That's not quite 4,000 a month. Your lots in Pine Island are a little bit different. You have less than a three-quarter acre lot. A three-quarter acre lot is allocated 107,000. It's really 5,490 so approximately 107,500. Then you have a three-quarter acre to a one acre that's allowed about 268,000. Then greater than one acre it is 286,640. So approximately 600 and so that's what you're allocating per year. We want to set a rate structure that is similar and starts as you're exceeding that. You're going to start getting that super because we're trying to promote the conservation. Then is your commercial, the clubhouse, Siena Towers, the master, and they're allowed slightly different. Those blocks will be set individually per customer based on either the District or the District Engineer because they have certain allowances. We've set that up. They would each have a different allowance based on what their allowance is in the consumptive use permit. Here is what we're looking at for blocks. This kind of shows you again, if it's on the Hillcrest side, basically the max they're going to get is 4,000 gallons. Once they get 4,000, they have to start conserving because we're only allowed 40,000 gallons per year. We have set in and recommending you have the first block that's going to be the basic rate. Once you hit for them the second block you're already into that super rate because they've got to cut back. And again, this is just on the irrigation side so we're not making any changes to the blocks on the water side, just irrigation. With Pine Island, you're going to continue with the three block structure that you currently have. So residential, less than three quarter acre is going to have 0 to 4. They recommend you 4 to 9 and then above 9 again they get that about 108,000 a year allocation. The greater than three quarter less than an acre lot, 0 to 11, 11 to 22 and then above 22 and then the greater than an acre lot is going to be 0 to 12, 12 to 24 and then above 24 and then there are some lots that are combined. Any lots that are combined would basically get, if it was two, three, you know, less than three quarter acre lots that combine into one, their allowance would be two times what the less than three quarter acre lot is. You have very few of those, but there are some that have combined. That would change for their irrigation, water just stays the same. They don't get multiples of that because all water customers have the same basic allocation for water usage. This next page shows your existing and projected customers inflows. We had all of 2023 information, we had most of when we started going through this 2024. We're still getting estimated because we had to estimate the last couple months. We have everything broken down into blocks. What we were assuming is as when you put this structure in place, we're assuming some conservation. We're not assuming you're going to have 100% conservation so there will be nothing in block three or block four. But we were assuming on the irrigation side about a 35% reduction in the block three usage for Pine Island and the block two usage for Hillcrest. That has been accounted for here. If you get more than that, which it would be helpful that you get more reduction than that, you would want to go back and just make sure that you're still recovering enough. The rates that we're recommending are going to be based on that type of a reduction as well as we have a slight reduction in the other blocks just because your normalization. We looked at a few years period, but if you have a really wet year or a really dry year that can impact your usage and so that's water, wastewater and irrigation. We do assume in 2026, you're taking away that wastewater cap. What we're calling block two is any of your flow that's currently above the cap. Then that's saying the rate now would be applied to all of that usage and so when we go forward in the model, we're applying it to both what we're calling block one and two, once we move forward with eliminating that cap. Then like I said, here's the irrigation and we have assumed more reduction in the higher block because that's the point of the conservation rate structure and this super rate that we're putting on the high block. After that, when we say at least 3% across the board. Basically, you've been adjusting for inflation. We are assuming a minimum of 3% a year for inflation going forward. We're not showing that you would need anything more than that. We are showing that has been between your customer growth and some of the usage that you've had, but that's been keeping up with you having generating significant enough rates to cover your expenses. We're assuming that continuing with just you doing the minor inflationary adjustments. So projected operating results, these are assuming for 2025, you put the super rate into effect in August. If it's slightly different, you'll slightly lower. If you don't wait until September, you have slightly lower revenue charges for services, but that's charges for services, other revenues, miscellaneous charges, interest income, all of those things in your operating revenues. We have operating expenses. This is how your budget has been broken down and how GMS does that for you. You have administrative costs and you have operating maintenance. Then how we handle it here is we show a transfer to your capital reserve fund and then any of your capital improvements are getting paid out of that capital reserve fund each year. We are showing approximately 500,000, between 450 and 500,000 in capital improvements every year coming back out of that reserve fund. Then at the bottom, we show you what they mentioned, your unrestricted operating fund. We're trying to get you to get to at least 180 days as a minimum. That's just so when things come up. If there is a delay in receipt of revenue, etc. that you can still pay your bills. For utilities your size, we would look at least trying to have in that unrestricted a minimum of 180 days. Then the capital reserve, like I mentioned, we had recommended approximately 2.6 million is a minimum in your capital reserve, 2.6 to about 3 million. You can see that capital reserve fund is staying in line with that recommendation. What we don't have in here is you will get from new connections connection fees. You do pay those back to the developer. That's not in our revenue line item and it's not in our expense line item. So those are handled in a separate account and not shown here.

Mr. Flint: What slide are you on now?

Ms. Hollis: I am on 25. Any questions so far? As I mentioned and you can see here you adjusted your rates about 3.24% on October 1, 2024. That's what you'll see in your first column. Just because there's so many rates. I have water and wastewater on this first slide and the next slide is going to be where we talk about irrigation. We are looking at this proposed in August of 2025. No real changes to the base charge because we haven't reset the rates and done the cost of service yet. We are looking at putting in that super rate and we made a slight adjustment to block three to make that a little more in line with the three times versus the two times. You can see that super rate instead of the block four, which is above 20,000 gallons being \$5, we're looking at it being \$14 per thousand gallons on water. Then once we go out and we do the actual cost of service, you are recovering approximately what you needed to recover from the water system and the water rates. You can see there's a slight adjustment up that the base charge is going to go up slightly when we did that cost allocation. You can see you were pretty much in line and recovering what you should be recovering from your water rates. We are keeping that super rate in again so if people are using more than 20,000 inside, that's a lot of a lot of water so we want them to try to cut back. You have about 20,000 allocated a month. If we look at what you're getting per year, you get about 240,000 for inside usage. We can't really go above that. We need to start getting people to cut back. On the wastewater, you can see there are no changes for this August, except for a minor rounding difference it looks like. But what we did is in 2026, when we take that cap off,

Bella Collina CDD

you're recovering about what you need to recover again from your base charge. We kept your same allocation, which was coming from base versus what's coming from gallonage. You can see now when everybody's paying for all their flow that's going in instead of that cap, it lowers the rate per thousand gallons for your wastewater to \$6.14 from \$7.57. Then it starts trending forward from there. I think those are the 3% per year. For irrigation, what we're seeing is again putting that super rate in until you have the system online, leaving the three blocks at that time. When you get the new system online so in July of 2026, we have reset the rates and recalculated them again, similar base charge. What's odd here actually is when you're looking at cost, you are recovering a lot more than your cost on the irrigation side. Previously, when we reset these to what the costs of the new system are going to be, the rate per thousand gallons goes down slightly. What we're still trying to do though is make sure that you're promoting that conservation. Like I said on Pine Island, you're going to see there's still the three blocks and Hillcrest there's only going to be the two blocks because you're only allowed the 4,000 a month. We are still putting the super rate in, but it's not quite half of what the current rates are on that side. That is aligning the cost recovery to the actual cost that we're anticipating for running and maintaining the irrigation system. That is also putting away for renewals and replacement of the system. You're paying the capital costs associated with the construction of the system separately. You do have to maintain the system and put money away for renewal and replacements of the system, so that's added in. It's an approximately 10-milliondollar asset. We are looking at a 40-year recovery time. Make sure you're putting enough in each year so that you could continue to maintain that and do the renewals and replacing all that system. This next slide 27 is just the same one we've already shown you with what the blocks would look like. Just kind of a refresher of what the new blocks would be. There's several of them. They're in the report too. We put them here because at the time we had issued the updated draft report. This is just basically showing you a typical bill comparison from this is showing the 2025 adjustment. Putting that super rate in, you can see people start paying more as we get further down in usage and really start paying more after you hit the 20.

Mr. Flint: When you get above 20, that's when you get dinged. You can see on page 28 the far right column.

Ms. Hollis: Yeah. Once you hit that 20.

Mr. Flint: That would be the increase.

Ms. Hollis: Yeah. The other minor ones are just that one, that third block that we increased just slightly to get it more in line with what we thought the differential should be after. So the 2026 adjustment, that's where we mentioned that you're eliminating the wastewater cap. You are going to start seeing as you hit the 10,000, it's going to start going up. That is primarily for the wastewater side. But why there's a reduction before then is because we've lowered the rate per thousand gallons because you're charging it for all gallonage now. At first, people using less than 10,000 are going to see a slight reduction because the rate per thousand gallons went down. Once you start hitting 10 and going up and then once you hit the 20 for water, you can see both start going up more. This shows you up to about 40,000 gallons. Hopefully you're not going to have too many people in that because that's the whole point of this is we're trying to get people to get down to that 20,000-gallon mark or less.

Mr. Flint: On page 29, the difference comparison here is the proposed rates implemented in August and then the proposed rates implemented next July. It's today versus the rates next July. They're going to have a big increase in August of this year and then it looks like they're going to have another big increase in July of next year.

Ms. Hollis: True. Hopefully we get them down in that 20,000 range.

Mr. Flint: Yeah, it looks like somebody using 20,000 gallons right now is paying 157. Well, let's take 30,000. Someone using 30,000 gallons today has a combined bill of \$207. If we hold this rate hearing in August and the recommended rates are implemented, their bill is going to go up by \$92 to 300. Then next year when the irrigation system is operational in July of 2026, it is going to go up another \$130 to 430.

Ms. Hollis: Hopefully you get that 30,000 once they start getting that bill at the \$92 increase to get down into the 20,000 by the time they get to July of next year.

Mr. Flint: So, any savings on the potable side from switching from, or on the irrigation side from switching to surface water is not really going to impact this.

Ms. Hollis: It won't impact the water, the water wastewater side.

Mr. Flint: Okay, this is water wastewater.

Ms. Hollis: Yes. This is water wastewater. We can show combined all three. I could show a Pine Island.

Mr. Flint: No, it's so complicated. I don't want to try to get it all in one.

Ms. Hollis: What we can do too is search where they are on their water versus their what their typical bill is. If they're right now at 30,000 for water, but they may only be at 15,000 for irrigation, they'll be able to search down on here and see. We can show this for any gallonage. I can have that if they want to type in what they're using or whatever, we can show them that.

Mr. Flint: People probably are not going to know what they're using. If they come to the rate hearing, they're probably not going to know.

Ms. Hollis: I don't have the most recent, although I could get Teresa to send us the most recent. But I do have a monthly billing, like the complete billing so we can show them based on their address, how much they use.

Mr. Flint: That might be an after the meeting, let them know their bill is going to go up, not during the meeting.

Ms. Hollis: So those first two, the 30, 31, these next ones are the irrigation.

Mr. Flint: On the irrigation side, there is going to be a reduction when we switch?

Ms. Hollis: In the per thousand gallons, yes. The issue you're going to see when we get to the Hillcrest one is and most of Hillcrest wasn't using much in block two or three or what we're calling the old three. It's going to look extremely high if I say 30,000 for Hillcrest because they're at that super rate for 26,000 of the 30,000 gallons. But you don't have very many people in that. Most of the residents on the Hillcrest side we're using significantly less than 30,000. But I can come back with the distribution so you know how many customers it would be.

Mr. Flint: I said it may not make sense to combine them all, but maybe it does because when you look at the irrigation side.

Ms. Hollis: This is going to be, they may use 30 or 20 here, but that may only be 10 on irrigation or it could be 25 on irrigation. So, they wouldn't all line up to say, you know, 20, 20, 20 because they may not have 20 on all three.

Mr. Flint: Okay, that's right.

Ms. Hollis: So that's the only issue. But we can definitely show that it's just because they're not all going to be tied. The water and sewer are going to be tied to the same.

Mr. Flint: The same usage.

Ms. Hollis: Right, but the irrigation wouldn't be.

Mr. Gorrill: Okay. Yeah, right, wrong or indifferent, we assume a 35% reduction in usage.

Bella Collina CDD

Ms. Hollis: But if it would be helpful, I can show you currently like how many bills per month were in each of these.

Mr. Flint: Hopefully there'll be some conditioning in the next year. People will change their habits a little bit. Then when the new irrigation rates go in, which may go down and there may be some savings there, they will already be conserving.

Ms. Hollis: Right. Right now, it's not going to go down for that first one, which is that first one before we put the new blocks and everything in and the new rate on that 30, that's everybody getting that super rate to start getting them to cut back. But that's also Hillcrest is having higher allowance right now so it's giving them until we get to that next rate. These are the two that you'll see. It looks, because we're showing all the way up to 75,000, but you don't really have any Hillcrest parcels at 75,000. But you can see everybody here is. Well, we still have the super rate and the cost of service is less for the surface water versus your current.

Mr. Flint: Maybe on Hillcrest we cut.

Ms. Hollis: Yeah, cap it.

Ms. Hollis: You always do it their highest one.

Mr. Flint: Yes, maybe stop at 50 or so because if we don't have anybody using 75.

Ms. Hollis: Right, because the few that you wouldn't do and higher were commercial, which aren't going to be on the schedule anyways.

Mr. Szozda: It goes down until they hit their cap and they hit the super rate.

Ms. Hollis: Right, you can see until they hit 4,000, they were getting a reduction. Once they go over that, then they start getting an increase again. These are showing water, wastewater. We can show it at different amounts. We've selected right now 15,000 gallons to show you as a comparison. This first slide 33 is your water wastewater at 15,000 and this is showing both the proposed August or September 2025 as well as the new rates and the removal of the wastewater cap in 2026.

Mr. Flint: Which slide are you on?

Ms. Hollis: 33.

Mr. Flint: This is current proposed.

Ms. Hollis: So, the first line is your existing.

Mr. Flint: Okay.

Ms. Hollis: Your second line, because water is the same as what your proposed August or that first implementation for water wastewater. And then your third line down is what we were saying once the new irrigation system is online and you've removed the wastewater cap.

Mr. Flint: Looks like Groveland makes us look good and Oakland, which are the two closest.

Ms. Hollis: Again, these are comparing them to the current rates. So, they could have a rate adjustment going in October. It may be slightly different to that July rate.

Mr. Flint: Look at Mount Dora, crazy. Does Mount Dora still do theirs on a cubic whatever? They used to not do it per 1,000 gallons.

Ms. Hollis: I don't remember if it was. The next slide is showing you, so that's for 15,000 water wastewater. The next one is 20,000. Again, this Hillcrest one looks high because they only get four and you're hoping only using four and not the 20 but to show them at a different rate, I mean different usage again, it looks like you're really. If they are using 20, you need them to come back because they should only have four. That is what's showing you what that punitive super rate is doing. This is just communities that actually had set aside actual irrigation rates. If not, then they would just continue. If they just have a potable water meter and not separate irrigation rates, they weren't included on here. I think that was the Villages is not on here because they just have their water. They don't have separate irrigation meters. Then this comparison here is showing you water wastewater at 15. It's just basically summarizing those sheets and then the irrigation at 20. Again, like I mentioned, we didn't show anything. The Villages one isn't showing any irrigation. We can add in and assume that at water rates, but that's why that one is so low where we can take that one off of this chart. But you can kind of see where you're falling in. Obviously that Hillcrest one because of that huge irrigation amount, it's bumping them up. But the other ones, you are more in you know maybe the 2/3 weight of what this is. You can see for the Pine Island proposed on 726, that would be \$220.23 if they were using 15,000 water wastewater and 20,000 irrigation.

Mr. Flint: You are comparing utility with 800 customers.

Ms. Hollis: To the ones that have multiple more so they have more.

Mr. Flint: So, they have many thousands to spread cost.

Ms. Hollis: That kind of gets us to the end of the water wastewater irrigation rates. Obviously, when you sat down to do this and you have fed administrative management, you continue looking for ways to improve service and reduce costs. It's a well maintained and operated

system. Obviously, you're going to have a brand-new irrigation system come a year from now. They have numerous improvements that are coming in the next five to 10 years. You're just going to have to continue making sure you are putting enough away for the renewal replacement of your system. The proposed adjustments are just equitable typical service charges. You can see you were in line. The recommendations are to adopt the proposed annual rate adjustments with the first being that this may change to September 1, 2025. Then the next set would be to adjust to those adjustments once the irrigation system is online so we're looking at those in July of 2026. If the system comes online sooner, obviously you can move those up sooner and then doing basically inflationary adjustments thereafter. We want again to continue to fund your capital reserve fund so you're basically putting in approximately what you're using each year. You need to keep putting in at least that much, if not slightly more so that you're maintaining that capital reserve fund.

Mr. Flint: The miscellaneous charges, I think the Board can review those and if you have questions, we can ask those. You probably don't need to go through those. There is a return check fee and stuff like that.

Ms. Hollis: Yeah, basically we just sat down with staff and went through and talked about how many hours servicing takes at a time to make sure that you're recovering enough on those and to make sure some of the ones that you didn't have that other communities around you do have, we were making recommendations on adding those and what they should be.

Mr. Flint: Terry, you probably agree, this rate structure is pretty complicated. I don't think you see a lot like this. We have tried to be as equitable as we can and tie the inclined block rates to the alliances under the consumptive use permit. A lot of utilities don't have to do that or they don't do that so they're not as complicated as this is but we're trying to. There's a difference between a Hillcrest zero lot line house and a Pine Island two-acre lot on what they should be using for irrigation. Does the Board have any questions on this? The consumptive use permit is a big issue that we have been struggling with that we know there's a cloud on the horizon on this. It may be closer than that so we need to take whatever steps we can to encourage people to conserve use of the water.

Mr. Szozda: I think I mentioned this prior that there will be a campaign of the excessive users to say "hey look you're an excessive user, here is what you'll be looking at in the future." Just a simple letter just to give them as much heads up as possible what's coming at them.

Mr. Flint: This is going to come was a surprise to some folks. I'm sure they're not going to be engaged. They're not going to be aware until they get that bill. I'm sure we will hear from some folks.

Mr. Lazarovich: With this super rate. Have you seen that before? Because I was just concerned going up to 14 and then also dropping it down the following year. I could take a look to make sure that's permitted. I just wanted to make sure is that used in other government amenities?

Mr. Flint: There's no limit statutorily on those changes and the reason it's going up is because you are still using potable for irrigation. And we're going to drop it to.

Ms. Hollis: Right, we're going to drop it as a different source of supply. That was the part we did struggle with too because rates are going down on that and that's really when you're trying to get them because it's harder for them to change their indoor usage than they're outside usage. But because you are changing the source of supply, it is also different cost.

Mr. Flint: We don't want to be over recovering on the irrigation based on what our actual cost was.

Ms. Hollis: That's why we're not saying go ahead and move right now to the lot, it is also going to take a little while. It's able to put in your billing system but it's going to take a little while to flag all those people in your billing system too. So, to try to change that in a month. We weren't here a month or two. So that was also why we were looking at waiting for that big change in the blocks to occur so that Teresa and your billing system have time to get that all incorporated. And we did check with her.

Mr. Flint: It would be nice to do this all at once next year; we wait until the irrigation system comes on and do it one time. we don't feel like we can wait because of the consumptive use permit. We need to start now.

Ms. Hollis: And it also shows the water management district you're trying to address it by putting in that.

Mr. Flint: Exactly and if you approve whatever you approve at the August meeting, you can approve both steps. We don't have to hold another rate hearing next year when they change again. You can approve the study and it will be automatically implemented without another rate hearing.

Mr. Szozda: If we're over recovering, we don't have to escalate year to year. For under recovering, we'll be back here in.

Ms. Hollis: Yeah, that's our only recommendation. You should look at it every five years. If all of a sudden everybody cuts back and there's no usage in that high block, then we're going to have to reevaluate. It's, you know, if they cut back too much, then the rates have to go up because you still have a certain amount that you have to recover.

Mr. Flint: That would be a nice problem to have, right?

Ms. Hollis: Yes, but it's harder to say, hey, you're using 20,000 and you're using 50,000 and your rate's going to be about the same because we still have to recover this. I mean, that's the tough part.

Mr. Flint: Yeah, but. I think it's somewhat inelastic. So, you know, hopefully the super rate will have an impact. But traditionally people are not overly impacted. They're going to use what they're using.

Ms. Hollis: So, if that doesn't work, you may have to take other measures to get them to cut back. We've seen different penalties at places if customers are using too much, those types of things. We're trying not to get to that point.

Mr. Flint: I think when you get to the comparison at the end. It paints a little rosier picture than maybe some of the tables.

Ms. Hollis: Right.

Mr. Flint: But again, that's 15,000 or 20,000 gallons of usage. The people that are using a lot, they're going to get impacted and they should. I mean that's what the purpose is here. Any questions or comments from the Board?

Mr. Scharich: One comment I have. I don't know if Randall's there?

Mr. Flint: No, he's not on the call.

Mr. Scharich: Oh, okay. I didn't know if he was online. But one of the things that I had bill directed is pushing for years actually is to take a look at how we can expand the use of synthetic turf. And because we were going to be able to do that and then all of a sudden it came from the developer side. No, we can't. They put up restrictions on being able to use it. But if we could come up with the most realistic looking synthetic turf, the payback on that when you consider the increase or the lack of maintenance to cut, you got all these. So right now, we can use it in the rear of the house around the pool. But they banned it from being able to use it in the front of the house

even though there's been some that have done it that way. But then they got really strict on banning it. I mean that would be a huge reduction in the amount of water.

Mr. Flint: Yeah.

Mr. Scharich: For those, I'm thinking of two ways. One way would be in the construction left to be done. But also, there's yards that due to the lack of irrigation that the turf has pretty much died off. You know, so I'm thinking replacement too. And they've come up with some less expensive ways to install synthetic turf. When we looked at it for the ones we've done, there's like a five-to-seven-year payback on saving on irrigation because all you're doing then is establishing dirt for the plantings.

Mr. Flint: Yeah.

Mr. Scharich: But also, the maintenance involved too is a big part of that payback.

Mr. Flint: Oh yeah.

Mr. Scharich: So, I don't know. The lifespan of most synthetic turf now is up to almost 20 years. To me it's like a no brainer. But it feels like they kind of keeping hitting our head against the wall trying to get the developer. Now maybe with this new rate study, that's why I was thinking Randall's on ACB and of course Dennis Kelleher is, so those would be the two parties to really look at this. And they're probably looking at it now. But I think they have to look at their policy on synthetic turf as part of my kind of protective builders' guidelines.

Mr. Szozda: I'm not sure they have the lawful ability to do that anyway. It's energy conserving device. Closed lines, rainwater systems, it can't prevent them.

Mr. Burman: Yeah, we went over this with Brian and he said you can't do it. I think under state regulation, they don't like the anti-percolation.

Mr. Flint: Yeah, it could create an impervious area.

Mr. Burman: This is artificial turf?

Mr. Flint: Yes.

Mr. Burman: But there are artificial turfs that are not impervious.

Mr. Szozda: And that's what they would expect. They would just say this is exactly the color and the blade length and the impervious nature. They can say that, but they can't say no, no artificial turf. I'm not sure that's legal.

Mr. Flint: We're losing you, Rick. I think you're breaking up on it, but that's a good point. It's unfortunately not something the CDD has control of, but we can try to push that conversation with the developer.

Mr. Scharich: Right. I realize it's crossing lanes there, but that's something that kind of has been a pet peeve for me and kind of bugged me because they can come up with standardization for what they use that looks the most realistic.

Mr. Flint: Right.

Mr. Scharich: And have. So anyway, I'm sorry.

Mr. Flint: No, no, that's a good point. I think we need to get this information to Dennis and Paul and all those guys too. I mean they really need to be in the loop on this. The consumptive use permit is still in the developer's name, not the CDD's name. Any other discussion from the Board? Alright, thanks, Tara. I appreciate it. Is there a motion to authorize staff to advertise a rate hearing for your August meeting? It would be the second Thursday at 10 a.m. in this location.

SIXTH ORDER OF BUSINESS

Consideration of Setting Utility Rate Hearing

On MOTION by Mr. Owen seconded by Mr. Burman, with all in favor, Setting a Utility Rate Hearing on August 14, 2025 at 10:00 a.m. in this location, was approved.

Mr. Lazarovich: We will put together a resolution for that.

Mr. Flint: Thank you.

SEVENTH ORDER OF BUSINESS Staff Reports

A. Attorney

Mr. Lazarovich: No major updates from us this month. We are still just working with Jim Wade on the easements related to the bond conveyances. That is all I have right now.

B. Engineer

Mr. Flint: Steve, did you make it back on?

Mr. Boyd: I made it back on. All I have to report is we are probably in the next two meetings going to be starting to bring the plat certification and the final permitting for the irrigation system improvements both Lake County and St. Johns have finally approved. We're just waiting for the permits to be issued. I'm hoping to have them in about two weeks. Mr. Flint: Okay.

Mr. Boyd: Andy, I will get with you to schedule a time to come out and look at that. Mr. Flint: Thanks Steve.

C. District Manager's Report

i. Approval of Check Register

Mr. Flint: You have the check register from April 1st through May 31st for the general fund, water and sewer fund, water and sewer reserve fund and Board pay that totals \$867,934.55. Any questions on the check register?

On MOTION by Mr. Burman, seconded by Mr. Owen, with all in favor, the Check Register, was approved.

ii. Balance Sheet and Income Statement

Mr. Flint: You have the unaudited financials through the end of April. There is no action required by the Board. Are there any questions.

iii. Presentation of Number of Registered Voters - 570

Mr. Flint: Next is presentation of the number of registered voters. We are required to announce this annually. As of April 15th, there were 570.

iv. SBA Florida PRIME Monthly Summary Report

Mr. Flint: There is the monthly summary report for the SBA investment account for information.

D. Field Managers Report

Mr. Szozda: I have a number of things, a lot of things are going on. We rebuilt two of the high-capacity pumps for the Pine Island power plant so one has been replaced. Unfortunately, one of the shafts on one was on the wrong side but that has been resurrected and that will be installed next week. We did talk previously about going to the Zoeller pump. We installed our first Zoellar pump over at the sales office and no issues related to it. Once we run out of flight pumps, we will be going to Zoeller. Generators, just hurricane season is upon us. Generators have been serviced the two older ones at Pine Island where we replaced both the hoses and belts and water pumps and all those. So, we're feeling confident that our generators are in good condition here going into the

season. We also of course ordered the generator for the lift station near the clubhouse. That was ordered shortly after the approval of the April meeting. I tried to get a hold of them before this meeting to see when that thing's going to be delivered and installed. The site's been prepped. We had to move the water line so when it arrives it's ready for installation.

Mr. Flint: It would be nice to have it before hurricane season.

Mr. Szozda: Generator station PM program talked a lot about that. We funded 150pm. We are about at 75. I'm going to say it's going well but I think this is the path forward. Unfortunately, at least recently I haven't seen a downturn in the maintenance as I'd like to have seen but it truly will be coming. It resulted in a number of pump outs. Not doing the pump out, those eventually fail. We show up at night. We pay exorbitant amounts of money to fix those at night. On April 22nd we had a hit on one of our sewer mains. We put out a request for people to reduce water that actually people followed that in the POA. We soon to have in place our own notification system so we can take those things on ourselves. But that got repaired. I am going to say hats off to RCM. If they weren't there and weren't prepared that would have been better than 24- or longer-hour event. The roof replacement, its permit is in place. They ordered the material. Once again, I didn't get a notice from Brian on when he's going to start but that's the two water plants, the sewer plant and then the shelter that's over the final filtering station that goes to the reclaimed system. I got several bids. We're in the process of getting bids to deal with the sewer plant seepage. The walls are seeping out. This is not a new thing, they've been patched a couple times. One of them we will get this week is to fix it from the inside but that is not going to be cheap. We are going to do kind of a cost comparison to see what happens if we again fix from the outside or we do have a new player involved. QXO, they came in with a new technique and I'm thinking slightly different material. So, we're looking at all that to try to get that where it needs to be. We put in a new reclaimed transfer pump. Those are not cheap. There's a second one that's going as well. We are soon to be in a very, very good position for reliable operations, not that we haven't been but for reliable operations of all aspects of sewer treatment and discharge of reclaim. Part of the process of that we just installed a return activated sludge pump. Those were very old. We're getting ready to place the other one due to its age and the noise it's making now.

i. Consideration of Proposal from Ferguson Waterworks for Mobile Meter Reading Collector

Mr. Flint: The proposal for the meter reading. That's the only thing that's on the agenda.

Mr. Szozda: So, we looked at this last year and tried to get a demonstration but unfortunately it went too late. We finally got a demonstration of the faster meter reading system. It's basically twice as fast as the current one. One of the problems with the current meter is a handheld. About every 10th house you got to jump out of the truck and get closer and things like this. This will eliminate all this. We believe it will cut the reading time down to at least in half. It's very, very valuable time of us driving around trying to chase around readings. It is \$12,000. I'm proposing we use that to become a little bit more efficient on the operations side.

Mr. Flint: The meters that you have now are radio read meters. We drive down the road. We've got a handheld device that picks up the meter readings as we drive down the road. But this is a newer technology as Rob indicated, would speed up that process significantly and make it more efficient.

Mr. Szozda: We also take a number of data logs and you have to be positioned right on it. Then have to take a read. Now I can pull up to four or five houses at the same time from one position, again just simple time savings.

Mr. Flint: And a data log if someone calls or they're using too much water or you know there's an issue with their meter; we can go back with that handheld and can actually get historical data off of the meter that shows their usage. Any questions on that?

Mr. Lazarovich: Does the Board want to set a not to exceed? There are two terms in here that the price is so subject to change after 48 hours and with potential tariffs. So yeah, that proposal came in last week.

Mr. Flint: Maybe make it 13 just to give us some flexibility.

Mr. Szozda: Okay.

Mr. Flint: Is there a motion to approve not to exceed \$13,000?

On MOTION by Mr. Gorrill, seconded by Mr. Burman, with all in favor, Ferguson Waterworks Proposal for Mobile Meter Reading Collector NTE \$13,000, was approved.

Mr. Flint: Anything else, Rob?

Mr. Szozda: No, that's it unless there are questions.

Mr. Flint: Thanks for all that.

EIGHTH ORDER OF BUSINESS Other Business

Mr. Flint: Any other business? There being no comments, the next item followed.

NINTH ORDER OF BUSINESS

Mr. Flint: Any other Supervisors requests? There being no comments, the next item followed.

TENTH ORDER OF BUSINESSAdjournment

Mr. Flint: Is there a motion to adjourn?

On MOTION by Mr. Gorrill, seconded by Mr. Scharich, with all in favor, the meeting was adjourned.

Secretary/Assistant Secretary

Chairman/Vice Chairman

Supervisor's Requests

SECTION IV

SECTION A

RESOLUTION 2025-09

THE ANNUAL APPROPRIATION RESOLUTION OF THE BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT (THE "DISTRICT") RELATING TO THE ANNUAL APPROPRIATIONS AND ADOPTING THE BUDGET FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2025, AND ENDING SEPTEMBER 30, 2026; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, the District Manager has, prior to the fifteenth (15th) day in June, 2025, submitted to the Board of Supervisors (the "Board") a proposed budget for the next ensuing budget year along with an explanatory and complete financial plan for each fund of the Bella Collina Community Development District, pursuant to the provisions of Section 190.008(2)(a), Florida Statutes; and

WHEREAS, at least sixty (60) days prior to the adoption of the proposed annual budget (the "Proposed Budget"), the District filed a copy of the Proposed Budget with the local governing authorities having jurisdiction over the area included in the District pursuant to the provisions of Section 190.008(2)(b), Florida Statutes; and

WHEREAS, the Board set July 10, 2025, as the date for a public hearing thereon and caused notice of such public hearing to be given by publication pursuant to Section 190.008(2)(a), Florida Statutes; and

WHEREAS, Section 190.008(2)(a), Florida Statutes, requires that, prior to October 1, of each year, the District Board by passage of the Annual Appropriation Resolution shall adopt a budget for the ensuing fiscal year and appropriate such sums of money as the Board deems necessary to defray all expenditures of the District during the ensuing fiscal year; and

WHEREAS, the District Manager has prepared a Proposed Budget, whereby the budget shall project the cash receipts and disbursements anticipated during a given time period, including reserves for contingencies for emergency or other unanticipated expenditures during the fiscal year.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT;

Section 1. Budget

a. That the Board of Supervisors has reviewed the District Manager's Proposed Budget, a copy of which is on file with the office of the District Treasurer and the office of the Recording Secretary, and hereby approves certain amendments thereto, as shown in Section 2 below.

- b. That the District Manager's Proposed Budget, as amended by the Board, is hereby adopted in accordance with the provisions of Section 190.008(2)(a), Florida Statutes, and incorporated herein by reference; provided, however, that the comparative figures contained in the adopted budget may be subsequently revised as deemed necessary by the District Manager to reflect actual revenues and expenditures for Fiscal Year 2025 and/or revised projections for Fiscal Year 2026.
- c. That the adopted budget, as amended, shall be maintained in the office of the District Treasurer and the District Recording Secretary and identified as "The Budget for Bella Collina Community Development District for the Fiscal Year Ending September 30, 2026", as adopted by the Board of Supervisors on August 8, 2025.

Section 2. Appropriations

There is hereby appropriated out of the revenues of the Bella Collina Community Development District, for the fiscal year beginning October 1, 2025, and ending September 30, 2026, the sum of **§**______ to be raised by the levy of assessments and otherwise, which sum is deemed by the Board of Supervisors to be necessary to defray all expenditures of the District during said budget year, to be divided and appropriated in the following fashion:

| TOTAL GENERAL FUND | \$ |
|----------------------------|----|
| DEBT SERVICE FUND | \$ |
| WATER & SEWER FUND | \$ |
| CAPITAL RESERVE FUND (GF) | \$ |
| CAPITAL RESERVE FUND (WSF) | \$ |
| TOTAL ALL FUNDS | \$ |

Section 3. Supplemental Appropriations

The Board may authorize by resolution, supplemental appropriations or revenue changes for any lawful purpose from funds on hand or estimated to be received within the fiscal year as follows:

- a. Board may authorize a transfer of the unexpended balance or portion thereof of any appropriation item.
- b. Board may authorize an appropriation from the unappropriated balance of any fund.

c. Board may increase any revenue or income budget amount to reflect receipt of any additional unbudgeted monies and make the corresponding change to appropriations or the unappropriated balance.

The District Manager and Treasurer shall have the power within a given fund to authorize the transfer of any unexpected balance of any appropriation item or any portion thereof, provided such transfers do not exceed Ten Thousand (\$10,000) Dollars or have the effect of causing more than 10% of the total appropriation of a given program or project to be transferred previously approved transfers included. Such transfer shall not have the effect of causing a more than \$10,000 or 10% increase, previously approved transfers included, to the original budget appropriation for the receiving program. Transfers within a program or project may be approved by the Board of Supervisors. The District Manager or Treasurer must establish administrative procedures which require information on the request forms proving that such transfer requests comply with this section.

Introduced, considered favorably, and adopted this 10th day of July, 2025.

SECTION B

RESOLUTION 2025-10

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT IMPOSING SPECIAL ASSESSMENTS AND CERTIFYING AN ASSESSMENT ROLL; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE

WHEREAS, the Bella Collina Community Development District ("the District") is a local unit of special-purpose government established pursuant to Chapter 190, Florida Statutes for the purpose of providing, operating and maintaining infrastructure improvements, facilities and services to the lands within the District; and

WHEREAS, the District is located in Lake County, Florida (the "County"); and

WHEREAS, the District has constructed or acquired various infrastructure improvements and provides certain services in accordance with the District's adopted Improvement Plan and Chapter 190, Florida Statutes; and

WHEREAS, the Board of Supervisors of the District ("Board") hereby determines to undertake various operations and maintenance activities described in the District's budget for Fiscal Year 2025-2026 ("Operations and Maintenance Budget"), attached hereto as Exhibit "A" and incorporated by reference herein; and

WHEREAS, the District must obtain sufficient funds to provide for the operation and maintenance of the services and facilities provided by the District as described in the District's budget for Fiscal Year 2025-2026; and

WHEREAS, the provision of such services, facilities, and operations is a benefit to lands within the District; and

WHEREAS, Chapter 190, Florida Statutes, provides that the District may impose special assessments on benefitted lands within the District; and

WHEREAS, The District has previously levied an assessment for debt service, which the District desires to collect on the tax roll for platted lots pursuant to the Uniform Method and which is also indicated on Exhibit "A"; and

WHEREAS, Chapter 197, Florida Statutes, provides a mechanism pursuant to which such special assessments may be placed on the tax roll and collected by the local tax collector ("Uniform Method"); and

WHEREAS, the District has previously evidenced its intention to utilize this Uniform Method; and

WHEREAS, the District has approved an Agreement with the Tax Collector of the County to provide for the collection of the special assessments under the Uniform Method; and

WHEREAS, it is in the best interests of the District to proceed with the imposition of the special assessments for operations and maintenance on platted lots as set forth in the budget; and

WHEREAS, the District desires to levy and directly collect on the unplatted lands special assessments reflecting their portion of the District's operations and maintenance budget; and

WHEREAS, it is in the best interests of the District to adopt the Assessment Roll of the Bella Collina Community Development District (the "Assessment Roll") attached to this Resolution as Exhibit "B" and incorporated as a material part of this Resolution by this reference, and to certify the Assessment Roll on platted property to the County Tax Collector pursuant to the Uniform Method; and

WHEREAS, it is in the best interests of the District to permit the District Manager to amend the Assessment Roll adopted herein, including that portion certified to the County Tax Collector by this Resolution, as the Property Appraiser updates the property roll for the County, for such time as authorized by Florida law.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. BENEFIT. The provision of the services, facilities, and operations as described in Exhibit "A" confer a special and peculiar benefit to the lands within the District, which benefits exceed or equal the costs of the assessments. The allocation of the costs to the specially benefitted lands is shown in Exhibits "A" and "B."

SECTION 2. ASSESSMENT INPOSITION. A special assessment for operation and maintenance as provided for in Chapter 190, Florida Statutes, is hereby imposed and levied on benefitted lands within the District in accordance with Exhibits "A" and "B." The lien of the special assessments for operations and maintenance imposed and levied by this Resolution shall be effective upon passage of this Resolution.

SECTION 3. COLLECTION. The collection of the previously levied debt service assessments and operation and maintenance special assessments on platted lots and developed lands shall be at the same time and in the same manner as County taxes in accordance with the Uniform Method, as set forth in Exhibits "A" and "B." The previously levied debt services assessments and operations and maintenance assessments on undeveloped and unplatted lands will be collected directly by the District in accordance with Florida law, as set forth in Exhibits "A" and "B." Assessments directly collected by the District are due according to the flowing schedule: 50% due no later than November 1, 2025, 25% due no later than February 1, 2026 and 25% due no later than May 1, 2026. In the event that an assessment payment is not made in accordance with the schedule stated above, such assessment and any future scheduled assessment

payments due for Fiscal Year 2026 shall be delinquent and shall accrue penalties and interest in the amount of one percent (1%) per month plus all costs of collection and enforcement, and shall either be enforced pursuant to a foreclosure action, or, at the District's discretion, collected pursuant to the Uniform Method on a future tax bill, which amount may include penalties, interest, and costs of collection and enforcement. In the event as assessment subject to direct collection by the District shall be delinquent, the District Manager and District Counsel, without further authorization by the Board, may initiate foreclosure proceedings to collect and enforce the delinquent and remaining assessments.

SECTION 4. ASSESSMENT ROLL. The District's Assessment Roll, attached to this Resolution as Exhibit "B," is hereby certified. That portion of the District's Assessment Roll which includes developed lands and platted lots is hereby certified to the County Tax Collector and shall be collected by the County Tax Collector in the same manner and time as County taxes. The proceeds there from shall be paid to the Bella Collina Community Development District.

SECTION 5. ASSESSMENT ROLL AMENDMENT. The District Manager shall keep appraised of all updates made to the County property roll by Property Appraiser after the date of this Resolution, and shall amend the District's Assessment Roll in accordance with any such updates, for such time as authorized by Florida law, to the County property roll. After any amendment of the Assessment Roll, the District Manager shall file the updates to the tax roll in the District records.

SECTION 6. SEVERABILITY. The invalidity or unenforceability of any one or more provisions of this Resolution shall not affect the validity or enforceability of the remaining portions of this Resolution, or any part thereof.

SECTION 7. EFFECTIVE DATE. This Resolution shall take effect upon the passage and adoption of this Resolution by the Board of Supervisors of the Bella Collina Community Development District.

PASSED AND ADOPTED this 10th day of July, 2025.

DIBARTOLOMEO, MCBEE, HARTLEY & BARNES, P.A. CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITORS' REPORT

To the Board of Supervisors Bella Collina Community Development District Lake County, Florida

Opinions

We have audited the accompanying financial statements of the governmental activities, business-type activities and each major fund of Bella Collina Community Development District, Lake County, Florida ("District") as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 30, 2025, on our consideration of the Bella Collina Community Development District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, rules, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

We have also issued our report dated June 30, 2025 on our consideration of the District's compliance with requirements of Section 218.415, Florida Statutes, as required by Rule 10.556(10) of the Auditor General of the State of Florida. The purpose of that report is to provide an opinion based on our examination conducted in accordance with attestation Standards established by the American Institute of Certified Public Accountants.

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2024

Our discussion and analysis of Bella Collina Community Development District, Lake County, Florida ("District") financial performance provides an overview of the District's financial activities for the fiscal year ended September 30, 2024. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year resulting in a net position balance of \$8,302,613.
- The change in the District's total net position in comparison with the prior fiscal year was \$8,302,613, an increase.
- At September 30, 2024, the District's governmental funds reported combined ending fund balances of \$10,129,146. A portion of fund balance is restricted for debt service and future capital repairs and replacement, and the remainder is unassigned fund balance which is available for spending at the District's discretion.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as the introduction to the District's financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2024

Both of the government-wide financial statements distinguish functions of the District that are principally supported by special assessment revenues (*governmental activities* from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the District include the general government (management) and maintenance and operations. The business-type activities of the District include the operations of water and sewer services.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions.

Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains two individual governmental funds for external reporting. Information is presented in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund, capital project fund and enterprise fund. All funds are major funds. The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2024

Proprietary Funds

The District maintains one type of proprietary fund: enterprise. The District maintains one enterprise fund. An enterprise fund is used to report the same functions presented as business-type activities in the government-wide financial statements. The District uses an enterprise fund to account for the operations of the water and sewer utility. Proprietary funds provide the same type of information as government-wide financial statements, only in more detail. The proprietary fund financial statements provide information for the water and sewer fund, which is considered a major fund.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of an entity's financial position. In the case of the District, liabilities exceeded assets at the close of the most recent fiscal year. A portion of the District's net position reflects its investment in capital assets (e.g. land, land improvements and infrastructure). These assets are used to provide services to residents; consequently, these assets are not available for future spending. The remaining balance of unrestricted net position may be used to meet the District's other obligations.

Key components of net position were as follows:

GOVERNMENTAL ACTIVITIES BUSINESS-TYPE ACTIVITIES TOTAL 2024 2023 2024 2023 2024 2023 Current assets \$13,960,017 \$ 2,599,431 \$ 7,172,228 \$ 3,894,939 \$21,132,245 \$ 6,494,370 Capital assets 17,355,737 13,997,705 5,125,591 5,167,796 22,481,328 19,165,501 Total assets 31,315,754 16,597,136 12,297,819 9,062,735 43,613,573 25,659,871 Current liabilities 5,684,163 1,004,172 4,099,114 662,467 9,783,277 1,666,639 Long-term liabilities 21,312,435 11,250,000 4,215,248 5,593,454 25,527,683 16,843,454 Total liabilities 26,996,598 12,254,172 8,314,362 6,255,921 35,310,960 18,510,093 Net position Net invested in capital assets (5,577,426)2,922,055 (467, 863)(425,658)(6,045,289)2,496,397 Restricted for debt service 2,713,228 739.599 78,529 74,722 2,791,757 814,321 Unrestricted 736,366 681,310 4,372,791 3,157,750 5,109,157 3,839,060 Total net position \$ 4,319,156 \$ 4,342,964 \$ 3,983,457 \$ 2,806,814 \$ 8,302,613 \$ 7,149,778

Statement of Net Position

The District's net position increased during the most recent fiscal year. The majority of the change represents the degree to which program revenues exceeded ongoing cost of operations.

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2024

| | | Change in | Net Position | | | |
|----------------------------------|--------------|--------------|--------------|--------------|--------------|--------------|
| | GOVERNMENT | ALACTIVITIES | BUSINESS-TY | PEACTIVITIES | TO | TAL |
| | 2024 | 2023 | 2024 | 2023 | 2024 | 2023 |
| Program revenues | \$ 1,679,390 | \$ 1,685,852 | \$ 2,765,821 | \$ 3,666,549 | \$ 4,445,211 | \$ 5,352,401 |
| General revenues | 139,823 | 104,344 | 68,650 | 63,638 | 208,473 | 167,982 |
| Total revenues | 1,819,213 | 1,790,196 | 2,834,471 | 3,730,187 | 4,653,684 | 5,520,383 |
| Expenses | | | | | | |
| General government | 145,978 | 128,071 | - | - | 145,978 | 128,071 |
| Physical environment | 532,828 | 530,309 | - | - | 532,828 | 530,309 |
| Interest on long-term debt | 727,465 | 712,808 | - | - | 727,465 | 712,808 |
| Water and sewer | | | 1,657,828 | 1,767,870 | 1,657,828 | 1,767,870 |
| Total expenses | 1,843,021 | 1,371,188 | 1,657,828 | 1,767,870 | 3,500,849 | 3,139,058 |
| Change in net position | (23,808) | 419,008 | 1,176,643 | 1,962,317 | 1,152,835 | 2,381,325 |
| Net position - beginning of year | 4,342,964 | 3,923,956 | 2,806,814 | 844,497 | 7,149,778 | 4,768,453 |
| Net position - end of year | \$ 4,319,156 | \$ 4,342,964 | \$ 3,983,457 | \$ 2,806,814 | \$ 8,302,613 | \$ 7,149,778 |

Key elements of the District's change in net position are reflected in the following table:

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2024 was \$3,500,849, which consisted of interest on long-term debt, water and sewer expenses and costs associated with constructed and maintaining certain capital improvements. The costs of the District's activities were funded by special assessments.

GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2024.

The variance between budgeted and actual general fund revenues is considered significant. The actual general fund expenditures for the current fiscal year were lower than budgeted amounts due primarily to anticipated costs were not incurred in the current fiscal year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2024, the District had \$19,165,499 invested in capital assets and construction in process. Construction in process has not completed as of September 30, 2024 and therefore is not depreciated to date. More detailed information about the District's capital assets is presented in the notes of the financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS

September 30, 2024

Capital Debt

At September 30, 2024, the District had \$22,855,000 in Bonds outstanding for its governmental activities. More detailed information about the District's capital debt is presented in the accompanying notes to the financial statements.

ECONOMIC FACTORS, NEXT YEAR'S BUDGET AND OTHER INFORMATION

For the fiscal year 2025, the District anticipates the cost of general operations to fluctuate and projections are that cost will be higher due to inflationary impacts to cost of goods sold and vender services. In connection with the District's future infrastructure maintenance and replacement plan, the District Board has included in the budget, an estimate of those anticipated future costs and has assigned a portion of current available resources for that purpose.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, land owners, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the financial resources it manages and the stewardship of the facilities it maintains. If you have questions about this report or need additional financial information, contact Bella Collina Community Development District's Finance Department at 219 E. Livingston Street, Orlando, Florida 32801.

BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT NOTES TO FINANCIAL STATEMENTS September 30, 2024

NOTE A- NATURE OF ORGANIZATION AND REPORTING ENTITY

The District was established on June 14, 2004 under Rule 4200-1.001 and amended on August 15, 2019 under Rule 4200-1.002 by the Florida Land and Water Adjudicatory Commission under the name of Pine Island Community Development District. On July 18, 2017, the District changed its name to Bella Collina Community Development District through a technical amendment to Rule Chapter 4200-1, F.A.C, and the boundaries of the District were expanded by 5.11 acres by amendment to Rule Chapter 4200-1.002 F.A.C. in July 2019.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. Two of the Board members are affiliated with the Developer. The Supervisors are elected on an at large basis by the property owners within the District. The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the responsibility for:

- 1. Assessing and levying assessments.
- 2. Approving budgets.
- 3. Exercising control over facilities and properties.
- 4. Controlling the use of funds generated by the District.
- 5. Approving the hiring and firing of key personnel.
- 6. Financing Improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statements. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District Board of Supervisors is considered to be financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements. The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT NOTES TO FINANCIAL STATEMENTS September 30, 2024

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (continued)

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment. Operating-type special assessments for maintenance and debt service are treated as charges for services and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other Items not included among program revenues are reported instead as general revenues.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the economic financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures are recorded when a liability is incurred, as under accrual accounting.

Assessments

Assessments are non-ad valorem assessments on benefited lands within the District. Assessments are levied to pay for the operations and maintenance of the District. The fiscal year for which annual assessments are levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. The District's annual assessments for operations are billed and collected by the County Tax Collector. The amounts remitted to the District are net of applicable discounts or fees and include interest on monies held from the day of collection to the day of distribution.

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

NOTES TO FINANCIAL STATEMENTS September 30, 2024

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

The District reports the following major governmental funds:

General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

Debt Service Fund

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest of long-term debt.

Capital Projects Fund

The capital projects fund accounts for the financial resources to be used for the acquisition or construction of major infrastructure with the District.

The District reports the following major enterprise fund:

Water and Sewer Fund

The enterprise fund accounts for the operations of the water and sewer utility system within the District.

Enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the District's enterprise fund are charges to customers for sales and services. Operating expenses of the enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Assets, Liabilities and Net Position or Equity

Restricted Assets

These assets represent cash and investments set aside pursuant to contractual restrictions.

NOTES TO FINANCIAL STATEMENTS September 30, 2024

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (continued)

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and demand deposits (interest and non-interest bearing).

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraph c and d shall be invested to provide sufficient liquidity to pay obligations as they come due. In addition, surplus funds may be deposited into certificates of deposit which are insured.

The State Board of Administration's ("SBA") Local Government Surplus Funds Trust Fund ("Florida PRIME") is a "2a-7 like" pool. A "2a-7 like" pool is an external investment pool that is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a-7 of the Investment Company Act of 1940, which comprises the rules governing money market funds. Thus, the pool operates essentially as a money market fund. The District has reported its investment in Florida PRIME at amortized cost for financial reporting purposes.

The District records all interest revenue related to investment activities in the respective funds and reports investments at fair value.

Inventories and Prepaid Items

Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT NOTES TO FINANCIAL STATEMENTS September 30, 2024

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (continued)

Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

| Assets | Years |
|--------------------------------|-------|
| Stormwater Management System | 30 |
| Water and Sewer Utility System | 35-40 |
| Equipment | 7 |

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

Unearned Revenue/Deferred Revenue

Governmental funds report unearned revenue in connection with resources that have been received, but not yet earned.

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the Bonds. Bonds payable are reported net of applicable premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTES TO FINANCIAL STATEMENTS September 30, 2024

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (continued)

Deferred Outflows/Inflows of Resources

The statement of net position reports, as applicable, a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to future reporting period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. For example, the District would record deferred outflows of resources related to debit amounts resulting from current and advance refundings resulting in the defeasance of debt (i.e. when there are differences between the reacquisition price and the net carrying amount of the old debt).

The statement of net position reports, as applicable, a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to future reporting period(s) and so will not be recognized as an inflow of resources (revenue) until that time. For example, when an asset is recorded in the governmental fund financial statements, but the revenue is not available, the District reports a deferred inflow of resources until such times as the revenue becomes available.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has only one item, deferred revenue, which qualifies for reporting in this category.

Fund Equity/Net Position

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

Committed fund balance - Amounts that can be used only for the specific purposes determined by a formal action (resolution) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (resolution) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT NOTES TO FINANCIAL STATEMENTS September 30, 2024

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Assets, Liabilities and Net Position or Equity (continued)

Fund Equity/Net Position (continued)

In the fund financial statements, the enterprise fund is presented using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when the related goods or services are delivered. In the fund financial statements, enterprise funds are presented using the economic resources measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. Enterprise fund type operating statements present increases (revenues) and decreases (expenses) in total net position.

Assigned fund balance - Includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. The Board can assign fund balance as it does when appropriating fund balance to cover differences in estimated revenue and appropriations in the subsequent year's appropriated budget. Assignments are generally temporary and normally the same formal action need not be taken to remove the assignment.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

Net position is the difference between assets and deferred outflows of resources less liabilities and deferred inflows of resources. Net position in the government-wide financial statements are categorized as net investment in capital assets, restricted or unrestricted. Net investment in capital assets represents net position related to infrastructure and property, plant and equipment. Restricted net position represents the assets restricted by the District's Bond covenants or other contractual restrictions. Unrestricted net position consists of the net position not meeting the definition of either of the other two components.

Other Disclosures

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS September 30, 2024

NOTE C - BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b) Public hearings are conducted to obtain public comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriation for annually budgeted funds lapse at the end of the year.

NOTE D – DEPOSITS AND INVESTMENTS

Deposits

The District's cash balances, including certificates of deposit, were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

Investments

The District's investments were held as follows at September 30, 2024:

| Investment | Fair Value | Credit Risk | Maturities |
|--|---------------|-------------|----------------------------|
| Fidelity Investments Money Market | | | Weighted average of the |
| Funds - Government Portfolio | \$ 13,294,273 | S&P AAAm | fund portfolio: 21 days |
| Investment in Local Government Surplus | | | Weighted average maturity: |
| Funds Trust Fund (Florida PRIME) | 1,870,569 | S&P AAAm | 39 days |
| Total Investments | \$ 13,294,273 | | |

NOTES TO FINANCIAL STATEMENTS September 30, 2024

NOTE D – DEPOSITS AND INVESTMENTS (CONTINUED)

Investments (continued)

Custodial credit risk - For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The District has no formal policy for custodial risk. The investments listed in the schedule above are not evidenced by securities that exist in physical or book entry form.

Credit risk - For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk - The District places no limit on the amount the District may invest in any one issuer.

Interest rate risk - The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

Fair Value Measurement - When applicable, the District measures and records its investments using fair value measurement guidelines established in accordance with GASB Statements. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques.

These guidelines recognize a three-tiered fair value hierarchy, in order of highest priority, as follows:

- Level 1: Investments whose values are based on unadjusted quoted prices for identical investments in active markets that the District has the ability to access;
- Level 2: Investments whose inputs other than quoted market prices are observable either directly or indirectly; and,
- Level 3: Investments whose inputs are unobservable.

The fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the entire fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The District participated in the following external investment pools:

BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT NOTES TO FINANCIAL STATEMENTS

September 30, 2024

NOTE D – DEPOSITS AND INVESTMENTS (CONTINUED)

Investments (continued)

The State Board of Administration for participation in the Local Government Investment Pool (Florida PrimeTM) created by Section 218.415, Florida Statutes is an investment pool that operates under investment guidelines established by Section 215.47, Florida Statutes. The District's investments in Florida PrimeTM, a qualified external investment pool, meet the requirements of GASB Statement No. 79 and are reported at amortized cost.

Money market investments that have a maturity at the time of purchase of one year or less and are held by governments other than external investment pools should be measured at amortized cost. For external investment pools that qualify to be measured at amortized cost, the pool's participants should also measure their investments in that external investment pool at amortized cost for financial reporting purposes. Accordingly, the District's investments have been reported at amortized cost above.

NOTE E - CAPITAL ASSETS

Capital asset activity for the fiscal year ended September 30, 2024 was as follows:

NOTE F – LONG-TERM LIABILITIES

Governmental Activities Debt

<u>\$22,780,000 Special Assessment Bonds, Series 2004</u> – On December 22, 2004, the District issued \$22,780,000 Special Assessment Bonds, Series 2004. The Bond was issued to finance the acquisition and construction of certain improvements for the benefit of the property within the District. The Bond is payable in annual principal installments through May 2035. The Bonds bear interest at 5.75% payable semi-annually on the first day of each May and November. Principal is due serially each May 1, commencing May 2010.

<u>\$11,685,000 Special Assessment Bonds, Series 2024</u> – On September 17, 2024, the District issued \$11,685,000 Special Assessment Bonds, Series 2024. The Bond was issued to finance the acquisition and construction of certain improvements for the benefit of the property within the District. The Bond is payable in annual principal installments through May 2055. The Bonds bear interest ranging from 4.25% to 5.30% payable semi-annually on the first day of each May and November. Principal is due serially each May 1, commencing May 2026.

NOTES TO FINANCIAL STATEMENTS September 30, 2024

NOTE F – LONG-TERM LIABILITIES (CONTINUED)

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements.

The District is in compliance with those requirements of the Bond Indenture at September 30, 2024.

The following is a summary of activity in the long-term debt of the District for the year ended September 30, 2024:

| | Balance 10/01/2023 | Additions | Deletions | Balance 09/30/2024 | Due Within One Year |

NOTES TO FINANCIAL STATEMENTS September 30, 2024

NOTE G – INTERFUND BALANCES

Interfund receivables and payables for the fiscal year ended September 30, 2024 were as follows:

| | Interfund | | Interfund | | |
|-----------------|-------------|-----------|-----------|-----------|--|
| | Receivables | | | Payables | |
| General fund | \$ | _ | \$ | 2,289,822 | |
| Enterprise fund | | 2,289,822 | | - | |
| Total | \$ | 2,289,822 | \$ | 2,289,822 | |

NOTE H – DEVELOPER TRANSACTIONS

In prior years, the District entered into a Standard Potable Water and Wastewater Development Agreement with the Developer (Utility Development Agreement). In connection with this agreement, the District received a total of \$5,059,983 in refundable advance fees (RAF), minimum Equivalent Residential Connections (ERC), and Allowance for Funds Prudently Invested (AFPI) Fees from the Developer. The Developer failed to make certain payments under the agreement and, as a result, the District withdrew approximately \$464,779 from the RAF and Shortfall escrow accounts funded by the Developer in prior years. During the 2016 Bond restructuring, the agreement was amended. The total balance remaining in the escrow accounts was \$78,529 at September 30, 2024. During previous years, a new developer purchased most of the assets of the old developer. According to the amended utility development agreement dated September 1, 2017, the amount due is subject to the redemption of the bonds and satisfaction of other conditions; the maximum payment may not exceed \$5,593,454.

NOTE I - MANAGEMENT COMPANY

The District has contracted with a management company to perform services which include financial and accounting advisory services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, computer and other administrative costs.

NOTE J - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; natural disasters; and environmental remediation. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. Settled claims from these risks have not exceeded commercial insurance coverage over the past three years.

BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors, Actual general fund expenditures did not exceed appropriations for the fiscal year ended September 30, 2024.

The variance between budgeted and actual general fund revenues is considered significant. The actual general fund expenditures for the current fiscal year were lower than budgeted amounts due primarily to anticipated costs were not incurred in the current fiscal year.

DIBARTOLOMEO, MCBEE, HARTLEY & BARNES, P.A. CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors Bella Collina Community Development District Lake County, Florida

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Bella Collina Community Development District, as of September 30, 2024 and for the year ended September 30, 2024, which collectively comprise Bella Collina Community Development District's basic financial statements and have issued our report thereon dated June 30, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

í

Purpose of this Report

This report is intended solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH THE REQUIREMENTS OF SECTION 218.415, FLORIDA STATUTES, REQUIRED BY RULE 10.556(10) OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

To the Board of Supervisors Bella Collina Community Development District Lake County, Florida

DMHB

We have examined Bella Collina Community Development District, Lake County, Florida's ("District") compliance with the requirements of Section 218.415, Florida Statutes, in accordance with Rule 10.556(10) of the Auditor General of the State of Florida during the fiscal year ended September 30, 2024. Management is responsible for District's compliance with those requirements. Our responsibility is to express an opinion on District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the District complied, in all material respects, with the specified requirements referenced in Section 218.415, Florida Statutes. An examination involves performing procedures to obtain evidence about whether the District complied with the specified requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the District's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

In our opinion, the District complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2024.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, management, and the Board of Supervisors of Bella Collina Community Development District, Lake County, Florida and is not intended to be and should not be used by anyone other than these specified parties.

Management Letter

To the Board of Supervisors Bella Collina Community Development District Lake County, Florida

Report on the Financial Statements

We have audited the financial statements of the Bella Collina Community Development District ("District") as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated June 30, 2025.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Auditor General.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards and Independent Accountants' Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those report, which are dated June 30, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual audit.

Official Title and Legal Authority

Section 10.554(1)(i)4., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The information required is disclosed in the notes to the financial statements.

WWW.DMHBCPA.NET

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for the District. It is management's responsibility to monitor the District's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Property Assessed Clean Energy (PACE) Programs

As required by Section 10.554(1)(i)6.a., Rules of the Auditor General, the District did not authorize a PACE program pursuant to Section 163.081 or Section 163.082, Florida Statutes, did not operate within the District's geographical boundaries during the fiscal year under audit.

Specific Information

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, Rules of the Auditor General, the Bella Collina Community Development District reported:

- a. The total number of district employees compensated in the last pay period of the District's fiscal year as 4.
- b. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the district's fiscal year as 13.
- c. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as \$6,280.
- d. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as \$4,099,574.
- e. Each construction project with a total cost of at least \$65,000 approved by the District that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as \$1,734,942.
- f. The District amended its final adopted budget under Section 189.016(6), Florida Statutes as included on page 31.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)7, Rules of the Auditor General, the Bella Collina Community Development District reported:

- a. The rate or rates of non-ad valorem special assessments imposed by the District range from \$84 to \$1,742 per residential unit.
- b. The total amount of special assessments collected by or on behalf of the District as \$1,771,354.
- c. The total amount of outstanding bonds issued by the District as \$22,855,000.

Additional Matters

Section 10.554(1)(i)3., Rules of the Auditor General, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, the Board of Supervisors, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

FORM OF REOUISITION

BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT (LAKE COUNTY, FLORIDA) SPECIAL ASSESSMENT BONDS, SERIES 2024

The undersigned, a Responsible Officer of Bella Collina Community Development District (the "District"), hereby submits the following requisition for disbursement under and pursuant to the terms of the Trust Indenture from the District to Regions Bank, as trustee (the "Trustee"), dated as of December 1, 2004, as supplemented by the Second Supplemental Trust Indenture between the District and the Trustee, dated as of September 1, 2024 (collectively, the "Indenture") (all capitalized terms used herein shall have the meaning ascribed to such term in the Indenture):

- (A) Requisition Number: 34
- (B) Name of Payee: Boyd Civil Engineering, Inc.
 6816 Hanging Moss Road Orlando, FL 32807
- (C) Amount Payable: **\$1,565.50**
- (D) Purpose for which paid or incurred (refer also to specific contract if amount is due and payable pursuant to a contract involving progress payments, or, state Costs of issuance, if applicable):

Invoice #4435 – Professional services for Residential Irrigation System Upgrades – June 2025

(E) Fund or Account from which disbursement to be made:

Series 2024 Acquisition and Construction Account

The undersigned hereby certifies that:

1. Dobligations in the stated amount set forth above have been incurred by the District,

or

this requisition is for Costs of Issuance payable from the Acquisition and Construction Fund that have not previously been paid;

- 2. each disbursement set forth above is a proper charge against the Series 2024 Acquisition and Construction Fund;
- 3. each disbursement set forth above was incurred in connection with the acquisition and/or construction of the Project;
- 4. each disbursement represents a Cost of the Project which has not previously been paid.

The undersigned hereby further certifies that there has not been filed with or served upon the District notice of any lien, right to lien, or attachment upon, or claim affecting the right to receive payment of, any of the moneys payable to the Payee set forth above, which has not been released or will not be released simultaneously with the payment hereof.

The undersigned hereby further certifies that such requisition contains no item representing payment on account of any retained percentage which the District is at the date of such certificate entitled to retain.

Attached hereto are originals of the invoice(s) from the vendor of the property acquired or the services rendered with respect to which disbursement is hereby requested.

SECTION VII

SECTION 00500

AGREEMENT BETWEEN OWNER AND CONTRACTOR

THIS DOCUMENT HAS IMPORTANT LEGAL CONSEQUENCES. CONSULTING WITH AN ATTORNEY IS ENCOURAGED WITH RESPECT TO ITS SIGNING, COMPLETION OR MODIFICATION.

This Agreement is dated as of the 28^{\pm} day of April in the year 2025 by and between:

Bella Collina Community Development District 219 E. Livingston Street Orlando, FL 32801

(hereinafter called OWNER) and

Mack Concrete Industries, Inc. 23902 County Road 561 Astatula, FL 34705

(hereinafter called CONTRACTOR)

OWNER and CONTRACTOR, in consideration of the mutual covenants hereinafter set forth, agree as follows:

ARTICLE 1. WORK

CONTRACTOR shall complete all Work as specified or indicated in the Contract Documents. The Work is generally described as follows:

Construct improvements associated with the outfitting of irrigation wells and completing the installation of irrigation pump stations within the Bella Collina community located along C.R. 455, south of the Town of Montverde in Lake County, Florida.

The Project for which the Work under the Contract Documents may be the whole or only a part is generally described as follows:

Bella Collina Irrigation Wells & Pump Stations

ARTICLE 2. ENGINEER

The Project has been designed by Boyd Environmental Engineering, Inc., 175 West Broadway Street, Suite 101, Oviedo, Florida, 32765 (hereinafter called ENGINEER) who will assume all duties and responsibilities and will have the rights and authority assigned to ENGINEER in the Contract Documents in connection with completion of the Work in accordance with the Contract Documents.

ARTICLE 3. CONTRACT TIME AND LIQUIDATED DAMAGES

3.1 The Work shall be substantially complete within 210 days after the date when the Contract Time commences to run as provided in paragraph 4.01 of the General Conditions; and completed and ready for final payment in accordance with paragraph

15.06 of the General Conditions within 240 days after the date when the Contract Time commences to run.

3.2 Liquidated Damages. OWNER and CONTRACTOR recognize that time is of the essence in this Agreement and that OWNER will suffer financial loss if the Work is not completed within the time specified in paragraph 3.1 above, plus any extensions thereof allowed in accordance with Article 11 of the General Conditions. They also recognize the delays, expense and difficulties involved in proving in a legal or arbitration proceeding an actual loss suffered by OWNER if the Work is not completed on time. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty), CONTRACTOR shall pay OWNER \$500.00 for each day that expires after the time specified in paragraph 3.1 for substantial completion until the Work is complete.

ARTICLE 4. CONTRACT PRICE

- 4.1 OWNER shall pay CONTRACTOR for performance of the Work in accordance with the Contract Documents in current funds as follows: For all items listed on the Bid Form, which is attached and made a part of this Agreement, installed and measured in accordance with the Contract Documents, payment for each item shall be the unit price bid for each item multiplied by the measured quantity. The Contract Price for the Project is \$2,009,496.00 (Two million nine thousand four hundred ninety six dollars and zero cents).
- 4.2 Payment to the CONTRACTOR will be made only for the actual quantities of Work completed as required by the Specifications and other Contract Documents, and it is understood that the quantities may be increased or decreased as provided in the General Conditions without invalidating any of the unit or lump sum prices bid.
- 4.3 In consideration of these premises and the additional sum of \$10.00 paid by OWNER, receipt of which is acknowledged by CONTRACTOR, CONTRACTOR agrees to and does hereby defend, indemnify and save the OWNER, ENGINEER and below additional designated entities harmless from and against any and all loss, damage, claims, actions, liability and expense in contract or in tort, whether justified or not, in connection with loss of life, bodily injury and/or property damage occurring on or about or arising out of those portions of the Work under CONTRACTOR'S, his subcontractors, sub-subcontractors or any subcontractors or sub-subcontractors control, or wherever arising if occasion wholly or in part by any act or omission of, or any defect in workmanship or material furnished by the CONTRACTOR, his subcontractors, sub-subcontractors or any subcontractors or sub-subcontractors of any of them, or by his or their agents, servants, employees or materialmen, whether the same be during the progress of the Work or any time subsequent to the completion of the Work. The aforesaid shall include, but not be limited to, reasonable attorney fees and cost involved in arbitration or legal action both at trial and appeal levels. The OWNER shall have the right to withhold any monies due under this Agreement to the CONTRACTOR until any pending or threatened actions or claims covered by the aforesaid have been settled and suitable evidence to that effect furnished to the OWNER, except that monies due to CONTRACTOR will not be withheld under this provision when the CONTRACTOR produces satisfactory evidence that he has adequate insurance coverage, as established by the OWNER'S attorney. Additional designated entities protected by this provision include the Bella Collina Property Owners Association, Inc., DCS Real Estate Investments, LLC and DCS Capital Investments LLC.

ARTICLE 5. PAYMENT PROCEDURES

CONTRACTOR shall submit Applications for Payment in accordance with Article 15 of the General

Conditions as amended by the Supplementary Conditions. Applications for payment will be processed by ENGINEER as provided in the General Conditions as amended by the Supplementary Conditions.

- 5.1 Progress Payments. OWNER shall make progress payments on account of the Contract Price on the basis of CONTRACTOR'S Applications for Payment as recommended by ENGINEER. Payments shall be made in a manner consistent with the Local Government Prompt Payment Act, Sections 218.70 through 218.80, *Florida Statutes*. All progress payments will be on the basis of the progress of the Work measured by the schedule of values provided for in Paragraph 2.03 of the General Conditions. Progress payments will be in an amount equal to 95 percent of the Work completed.
- 5.2 Final Payment. Upon completion and acceptance of the Work in accordance with paragraph 15.06 of the General Conditions, OWNER shall pay the remainder of the Contract Price as recommended by ENGINEER in conformance with said paragraph 15.06 as amended by the Supplementary Conditions.

ARTICLE 6. CONTRACTOR'S REPRESENTATIONS

In order to induce OWNER to enter into this Agreement, CONTRACTOR makes the following representations:

- 6.1 CONTRACTOR has familiarized himself with the nature and extent of the Contract Documents, Work, locality, and with all local conditions and Federal, State and local laws, ordinances, rules and regulations that in any manner may affect cost, progress or performance of the Work.
- 6.2 CONTRACTOR has studied carefully all reports of investigations and tests of subsurface and latent physical conditions at the site or otherwise affecting cost, progress or performance of the Work which were relied upon by ENGINEER in the preparation of the Specifications and which have been identified in the Supplementary Conditions.
- 6.3 CONTRACTOR has made or caused to be made examinations, investigations and tests and studies of such reports and related data in addition to those referred to in paragraph 6.2 as he deems necessary for the performance of the Work at the Contract Price, within the Contract Time and in accordance with the other terms and conditions of the Contract Documents; and no additional examinations, investigations, tests, reports or similar data are or will be required by CONTRACTOR for such purposes.
- 6.4 CONTRACTOR has correlated the results of all such observations, examinations, investigations, tests, reports and data with the terms and conditions of the Contract Documents.
- 6.5 CONTRACTOR has given ENGINEER written notice of all conflicts, errors or discrepancies that he has discovered in the Contract Documents and the written resolution thereof by ENGINEER is acceptable to CONTRACTOR.

ARTICLE 7. CONTRACT DOCUMENTS

The Contract Documents which comprise the entire Contract between OWNER and CONTRACTOR are attached to this Agreement, made a part hereof and consist of the following:

- 7.1 Invitation to Bid
- 7.2 Instructions to Bidders
- 7.3 Bid Form

- 7.4 Agreement Between Owner and Contractor
- 7.5 Performance Bond
- 7.6 Payment Bond
- 7.7 Standard General Conditions of the Construction Contract
- 7.8 Supplementary Conditions to the Standard General Conditions of the Construction Contract
- 7.9 Notice of Award
- 7.10 Notice to Proceed
- 7.11 Contractor Insurance Requirements (Exhibit I, Appendix B)
- 7.12 Warranty Bond (Exhibit II, Appendix B)
- 7.13 Application for Payment (Exhibit III, Appendix C)
- 7.14 Waiver and Release of Lien Upon Progress Payment (Exhibit IV, Appendix C)
- 7.15 Waiver and Release of Lien Upon Final Payment (Exhibit V, Appendix C)
- 7.16 Consent of Surety to Final Payment (Exhibit VI, Appendix C)
- 7.17 General Requirements (Division 1)
- 7.18 Technical Specifications (Divisions 2, 11, 13, 15 and 16)
- 7.19 Drawings entitled "Bella Collina Irrigation Wells & Pump Stations"
- 7.20 Addendum No. 1 Dated January 15, 2025 (Appendix D)
- 7.21 Any Contract Modification, including Change Orders, duly delivered after execution of this Agreement

There are no Contract Documents other than those listed above in this Article 7. The Contract Documents may only be altered, amended or repealed by modification as addressed in Article 11 of the General Conditions.

ARTICLE 8. MISCELLANEOUS

- 8.1 Terms used in this Agreement which are defined in Article 1 of the General Conditions shall have the meanings indicated in the General Conditions.
- 8.2 No assignment by a party hereto of any rights hereunder or interests in the Contract Documents will be binding to another party hereto without the written consent of the party sought to be bound; and specifically but without limitation, monies that may become due and monies that are due may not be assigned without such consent (except to the extent that the effect of this restriction may be limited by law), and unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under the Contract Documents.
- 8.3 OWNER and CONTRACTOR each binds himself, his partners, successors, assigns, and legal representatives to the other party hereto, his partners, successors, assigns, and legal representatives in respect to all covenants, agreements and obligations contained in the Contract Documents.

ARTICLE 9. CONFIDENTIAL INFORMATION AND PUBLIC RECORDS

9.1 The CONTRACTOR will not at any time, in any fashion, form or manner, either directly or

indirectly, divulge, disclose, or communicate to any person, firm or corporation, in any manner whatsoever, any information of any kind, nature, or description concerning any matters affecting or relating to the business of OWNER, its manner of operation, or its plans, processes, or other data of any kind, nature, or description without regard to whether any or all of the foregoing matters would be deemed confidential, material or important, unless required under Florida law.

- 9.2 The CONTRACTOR agrees and understands that Chapter 119, *Florida Statutes*, may be applicable to documents prepared in connection with the services provided hereunder and agrees to cooperate with public record requests made thereunder. In connection with this Agreement, CONTRACTOR agrees to comply with all provisions of Florida's public records laws, including but not limited to Section 119.0701, *Florida Statutes*, the terms of which are incorporated herein. Among other requirements, CONTRACTOR must:
 - 9.2.1 Keep and maintain public records required by the OWNER to perform the service.
 - 9.2.2 Upon request from the OWNER'S custodian of public records, provide the OWNER with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, *Florida Statutes*, or as otherwise provided by law.
 - 9.2.3 Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the Agreement term and following completion of the Agreement if the CONTRACTOR does not transfer the records to the OWNER.
 - 9.2.4 Upon completion of this Agreement, transfer, at no cost, to the OWNER all public records in possession of the CONTRACTOR or keep and maintain public records required by the OWNER to perform the service. If the CONTRACTOR transfers all public records to the OWNER upon completion of this Agreement, the CONTRACTOR shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the CONTRACTOR keeps and maintains public records upon completion of the Agreement, the CONTRACTOR shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the OWNER, upon request from the OWNER'S custodian of public records, in a format that is compatible with the information technology systems of the OWNER.
 - 9.2.5 If the CONTRACTOR has questions regarding the application of Chapter 119, Florida Statutes, to the CONTRACTOR'S duty to provide public records relating to this Agreement, contact the public records custodian at c/o George Flint, Governmental Management Services -Central Florida, LLC, 219 e. Livingston St. Orlando, Florida 32801, phone (407) 841-5524, and gflint@gmscfl.com.

ARTICLE 10. PAYMENT AND PERFORMANCE BONDS; NO LIEN RIGHTS

10.1 CONTRACTOR has, consistent with the requirements of Section 255.05, *Florida Statutes*, executed and delivered to the OWNER, and recorded in the public records of Lake County, Florida, a Payment and Performance bond with a surety insurer authorized to do business in this state as surety. Such bond is for 100% of the original project cost and will remain in effect for a full year from the time of completion of the project. CONTRACTOR agrees that the Bella Community Development District is a local unit of special-purpose government and not an "Owner" as defined in Section 713.01(24),

Florida Statutes. Therefore, notwithstanding anything in the Agreement to the contrary, there are no lien rights available to any person providing materials or services for improvements in connection with the Project. CONTRACTOR shall notify any subcontractors, material suppliers or others claiming interest in the Work of the existence of the Payment and Performance bond.

- 10.2 The CONTRACTOR shall promptly and properly pay for all labor employed, materials purchased and equipment hired by him in connection with the Work; shall keep the OWNER'S property free from any materialmen or mechanics liens and claims or notices in respect thereto arising by reason of the CONTRACTOR'S Work; shall hold all payments received hereunder as trust funds to be first applied to the payment of any such liens or claims; and shall discharge the same within three (3) business days after any such lien or notice is filed. In the event that the CONTRACTOR does not pay or satisfy such claim or lien within three (3) business days after the filing of notice thereof, the OWNER, in addition to any and all other remedies, may forthwith terminate this Agreement, effective immediately.
- 10.3 In the event that the CONTRACTOR fails to pay and discharge when due, any bills or obligations of any kind or nature whatsoever incurred by the said CONTRACTOR by reason of or in the fulfillment of this Agreement, whether or not a lien or notice of lien has been or may be filed with respect thereto, which bills or obligations in the opinion of the OWNER are proper, the OWNER at his option but without being obligated to do so, may pay all or any part of such bills or obligations and deduct the amount of such payments from any sums due the CONTRACTOR.

ARTICLE 11. CUSTOM AND USAGE

It is hereby agreed, any law, custom or usage to the contrary notwithstanding, that the OWNER shall have the right at all times to enforce the conditions and agreements herein contained in strict accordance with the terms hereof, notwithstanding any conduct or custom on the part of the OWNER in refraining from so doing; and further, that the failure of the OWNER at any time or times to strictly enforce its rights hereunder shall not be construed as having created a custom in any way or manner contrary to the specific conditions and agreements hereof, or as having in any way modified or waived the same.

ARTICLE 12. SUBCONTRACTORS AND EMPLOYEES

12.1 CONTRACTOR shall neither assign this Agreement nor employ a subcontractor for the execution of any part hereof, without the express written prior approval of the OWNER. The OWNER reserves the right to reject any subcontractors or sub-subcontractors, materialmen or laborers from executing any part of the Work to be performed hereunder. The CONTRACTOR agrees that he will be responsible for the acts and omissions of his subcontractors, and their employees to the same extent that he is responsible for acts and omissions of persons directly employed by him. The CONTRACTOR agrees to bind every subcontractor and sub-subcontractor, and every subcontractor and sub-subcontractor agrees to be bound by the terms of this Agreement so far as same is applicable to his Work. Nothing contained herein, or in any statute or governmental regulation, shall obligate the OWNER to pay or see to the payment of any monies for any subcontractor, sub-subcontractor or materialman, or to pay or assure the withholding or payment of any taxes, or other payroll deductions required by law to be withheld from wages of employees of the CONTRACTOR or any subcontractors or sub-subcontractors. The CONTRACTOR shall, at all times, enforce strict discipline and good order among his employees and shall not employ on the Work any person unfit for or not skilled in the Work assigned to him. If any employee or subcontractor of CONTRACTOR causes a breach of the peace or disturbance in and around the Project, or is otherwise unfit for or unskilled in the Work assigned to him, OWNER may require that CONTRACTOR replace said employee or subcontractor within twenty-four (24) hours of a written notice from OWNER to CONTRACTOR. The CONTRACTOR shall designate an individual to be its authorized on-site supervisor, which designee must be approved by the OWNER, which approval will not be unreasonably withheld. However, the foregoing shall not be construed or interpreted that the OWNER in any way interferes with the CONTRACTOR'S right to hire and fire his employees, assign duties to them, fix their working hours, wages or terms and conditions of employment, which right shall be absolute.

- 12.2 It has been and is the continuing policy of the OWNER, as well as subject to state law, that any of the OWNER'S employees not accept employment, gifts or other considerations from any of the OWNER'S vendors or contractors. The CONTRACTOR agrees that it shall not employ any employee of the OWNER nor grant an OWNER employee compensation, gift or consideration. Breach of the terms of this provision shall be considered a material breach of the terms of the Agreement.
- 12.3 A CONTRACTOR shall not sublet, sell, transfer, assign or otherwise dispose of this Agreement or any portion thereof or of the Work provided for therein or of his right, title or interest therein, to any person, firm or corporation without the written consent of the OWNER. Any and all subcontractors which are acceptable to the OWNER, as evidenced in written approval, must also be approved by the Surety for Coverage under the Payment and Performance Bond. The CONTRACTOR agrees to bind specifically every subcontractor to the applicable terms and conditions of these Contract Documents for the benefit of the OWNER.

ARTICLE 13. CONTRACTOR'S WARRANTY

- 13.1 The CONTRACTOR shall remedy any defects in the Work and pay for any damage to other Work resulting therefrom which shall appear within a period of two (2) years from the date of the final acceptance of the Work by OWNER. The OWNER will give notice of observed defects with reasonable promptness during said guarantee period. The making of the final payment by the OWNER to the CONTRACTOR shall not relieve the CONTRACTOR of any warranty responsibilities. Nothing contained in this paragraph shall be construed to establish a period of limitation with respect to other obligations which the CONTRACTOR might have under the Contract Documents. Establishment of the two-year period for correction of Work as described in this paragraph relates only to the specific obligation of the CONTRACTOR to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the CONTRACTOR'S liability with respect to the CONTRACTOR'S obligations other than specifically to correct the Work.
- 13.2 CONTRACTOR shall furnish a Warranty Bond in the amount of fifteen percent (15%) of the final Contract Price, insuring the completed Work against defects in materials and workmanship for a period of two (2) years after the date of final acceptance of the Work. The Warranty Bond shall be in the form prescribed in Exhibit II of Appendix B.

ARTICLE 14. CONTRACTOR'S INSURANCE

14.1 The CONTRACTOR shall not commence Work under this Agreement until he has obtained and provided insurance, of the character and in the amounts specified in Exhibit I of Appendix B, that will protect the OWNER, ENGINEER and all additional named insureds and the CONTRACTOR against all liabilities, damages and accidents. Additionally, all Subcontractors shall meet these insurance requirements. The insurance obtained by the CONTRACTOR and Subcontractors is subject to the approval of the OWNER. The CONTRACTOR shall not allow any Subcontractor to commence Work on his subcontract until all insurance required of the Subcontractor has been so obtained, provided and approved. Neither the approval of the OWNER, nor a failure to disapprove insurance furnished by the CONTRACTOR or Subcontractor, shall release the CONTRACTOR or Subcontractor of full responsibility for liability, damages and accidents as set forth herein.

14.2 CONTRACTOR and Subcontractors shall furnish OWNER satisfactory Certificates of Insurance (COI's) as described in Exhibit I of Appendix B. The CONTRACTOR shall submit all required COI's, including all COI's required for the Subcontractors, within twenty-one (21) calendar days following CONTRACTOR'S receipt of the executed Agreement from the OWNER. The OWNER has the right to grant exceptions to the insurance requirements on a case by case basis but is not obligated to do so. The provision of compliant COI's by the CONTRACTOR and all Subcontractors is a necessary precursor to the issuance of a Notice to Proceed for the Work.

ARTICLE 15. CONSTRUCTION DEFECTS

Pursuant to section 558.005, Florida Statutes, any claims for construction defects are <u>not</u> subject to the notice and cure provisions of Chapter 558, Florida Statutes.

ARTICLE 16. SOVEREIGN IMMUNITY

Nothing contained herein or in the Standard General Conditions shall cause or be construed as a waiver of the OWNER'S immunity or limitations on liability granted pursuant to section 768.28, *Florida Statutes*, or other law, and nothing in this Agreement shall inure to the benefit of any third party for the purpose of allowing any claim which could otherwise be barred under the Doctrine of Sovereign Immunity or by operation of law.

ARTICLE 17. E-VERIFY REQUIREMENTS

- 17.1 The CONTRACTOR shall comply with and perform all applicable provisions and requirements of Section 448.095, Florida Statutes and Section 448.09(1), Florida Statues. Accordingly, beginning on the Effective Date, to the extent required by Section 448.095, Florida Statutes, the CONTRACTOR shall enroll with and use the United States Department of Homeland Security's E-Verify system to verify the work authorization status of all newly hired employees. The OWNER may terminate this Agreement immediately for cause if there is a good faith belief that the CONTRACTOR has knowingly violated Section 448.091, Florida Statutes.
- 17.2 If the CONTRACTOR anticipates entering into agreements with a subcontractor for the work, CONTRACTOR will not enter into the subcontractor agreement without first receiving an affidavit from the subcontractor regarding compliance with Section 448.095, Florida Statutes, and stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. CONTRACTOR shall maintain a copy of such affidavit for the duration of the Agreement and provide a copy to the OWNER upon request. In the event that the OWNER has a good faith belief that a subcontractor has knowingly violated Section 448.095, Florida Statutes, but the CONTRACTOR has otherwise complied with its obligations hereunder, the OWNER shall promptly notify the CONTRACTOR. The CONTRACTOR agrees to immediately terminate the Agreement with the subcontractor upon notice from the OWNER. Further, absent such notification from the OWNER, the CONTRACTOR or any subcontractor who has a good faith belief

that a person or entity with which it is contracting has knowingly violated Section 448.09(1), Florida Statutes, shall promptly terminate its agreement with such person or entity.

17.3 By entering into this Agreement, the CONTRACTOR represents that no public employer has terminated a contract with the CONTRACTOR under Section 448.095(2)(c), Florida Statutes, within the year immediately preceding the date of this Agreement.

ARTICLE 18. SCRUTINIZED COMPANIES STATEMENT

Upon execution of this Agreement, CONTRACTOR shall properly execute a sworn statement pursuant to Section 287.135(5), *Florida Statutes*, and by signing this Agreement represents that CONTRACTOR is able to execute such sworn statement. The statement shall be substantially in the form of the attached **Exhibit A**. If the CONTRACTOR is found to have submitted a false certification as provided in Section 287.135(5), *Florida Statutes*, or has been placed on the Scrutinized Companies that Boycott Israel List, or is engaged in the boycott of Israel, or has been placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or has been engaged in business operations in Cuba or Syria, the OWNER may immediately terminate the Agreement.

ARTICLE 19. PUBLIC ENTITY CRIMES STATEMENT

Upon execution of this Agreement, CONTRACTOR shall properly execute a sworn statement under Section 287.133(3)(a), *Florida Statutes*, regarding public entity crimes, and by signing this Agreement represents that CONTRACTOR is able to execute such sworn statement. The statement shall be substantially in the form of the attached **Exhibit B**.

ARTICLE 20. TRENCH SAFETY ACT STATEMENTS

Upon execution of this Agreement, CONTRACTOR shall properly execute a Trench Safety Act Compliance Statement and a Trench Safety Act Compliance Cost Statement, and by signing this Agreement represents that CONTRACTOR is able to execute such sworn statement. The statements shall be substantially in the form of the attached **Exhibit C**.

ARTICLE 21. DISCRIMINATION STATEMENT

Upon execution of this Agreement, CONTRACTOR shall properly execute a sworn statement under Section 287.134(2)(a), *Florida Statutes*, regarding public entity crimes, and by signing this Agreement represents that CONTRACTOR is able to execute such sworn statement. The statement shall be substantially in the form of the attached **Exhibit D**.

ARTICLE 22. ANTI-HUMAN TRAFFICKING AFFIDAVIT

Upon execution of this Agreement, CONTRACTOR shall properly execute a sworn statement under Section 787.06(13), *Florida Statutes*, regarding anti-human trafficking, and by signing this Agreement represents that CONTRACTOR is able to execute such sworn statement. The statement shall be substantially in the form of the attached **Exhibit E.**

IN WITNESS WHEREOF, the parties hereto have signed this Agreement in triplicate. One counterpart each has been delivered to OWNER, CONTRACTOR and ENGINEER. All portions of the Contract Documents have been signed or identified by OWNER and CONTRACTOR or by ENGINEER on their behalf.

This Agreement will be effective on _______ April 28, 2025

1

§ 1 The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

§2 If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except when applicable to participate in a conference as provided in Section 3.

§ 3 If there is no Owner Default under the Construction Contract, the Surety's obligation under this Bond shall arise after

- .1 the Owner first provides notice to the Contractor and the Surety that the Owner is considering declaring a Contractor Default. Such notice shall indicate whether the Owner is requesting a conference among the Owner, Contractor and Surety to discuss the Contractor's performance. If the Owner does not request a conference, the Surety may, within five (5) business days after receipt of the Owner's notice, request such a conference. If the Surety timely requests a conference, the Owner shall attend. Unless the Owner agrees otherwise, any conference requested under this Section 3.1 shall be held within ten (10) business days of the Surety's receipt of the Owner's notice. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default;
- .2 the Owner declares a Contractor Default, terminates the Construction Contract and notifies the Surety; and
- .3 the Owner has agreed to pay the Balance of the Contract Price in accordance with the terms of the Construction Contract to the Surety or to a contractor selected to perform the Construction Contract.

§ 4 Failure on the part of the Owner to comply with the notice requirement in Section 3.1 shall not constitute a failure to comply with a condition precedent to the Surety's obligations, or release the Surety from its obligations, except to the extent the Surety demonstrates actual prejudice.

§ 5 When the Owner has satisfied the conditions of Section 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

§ 5.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Construction Contract;

§ 5.2 Undertake to perform and complete the Construction Contract itself, through its agents or independent contractors;

§ 5.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Section 7 in excess of the Balance of the Contract Price incurred by the Owner as a result of the Contractor Default; or

§ 5.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:

- .1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, make payment to the Owner; or
- .2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial.

§ 6 If the Surety does not proceed as provided in Section 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Section 5.4, and the Owner refuses the payment or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

§ 7 If the Surety elects to act under Section 5.1, 5.2 or 5.3, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. Subject to the commitment by the Owner to pay the Balance of the Contract Price, the Surety is obligated, without duplication, for

- .1 the responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;
- .2 additional legal, design professional and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Section 5; and
- .3 liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

§8 If the Surety elects to act under Section 5.1, 5.3 or 5.4, the Surety's liability is limited to the amount of this Bond.

§ 9 The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors and assigns.

§ 10 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

§ 11 Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after a declaration of Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

§ 12 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears.

§ 13 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

§ 14 Definitions

§ 14.1 Balance of the Contract Price. The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made, including allowance to the Contractor of any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

§ 14.2 Construction Contract. The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and changes made to the agreement and the Contract Documents.

§ 14.3 Contractor Default. Failure of the Contractor, which has not been remedied or waived, to perform or otherwise to comply with a material term of the Construction Contract.

§ 14.4 Owner Default. Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

§ 14.5 Contract Documents. All the documents that comprise the agreement between the Owner and Contractor.

§ 15 If this Bond is issued for an agreement between a Contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

§ 16 Modifications to this bond are as follows:

§ 1 The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference, subject to the following terms.

§2 If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies and holds harmless the Owner from claims, demands, liens or suits by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.

§ 3 If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond shall arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Section 13) of claims, demands, liens or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract and tendered defense of such claims, demands, liens or suits to the Contractor and the Surety.

§ 4 When the Owner has satisfied the conditions in Section 3, the Surety shall promptly and at the Surety's expense defend, indemnify and hold harmless the Owner against a duly tendered claim, demand, lien or suit.

§ 5 The Surety's obligations to a Claimant under this Bond shall arise after the following:

§ 5.1 Claimants, who do not have a direct contract with the Contractor,

- .1 have furnished a written notice of non-payment to the Contractor, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were, or equipment was, furnished or supplied or for whom the labor was done or performed, within ninety (90) days after having last performed labor or last furnished materials or equipment included in the Claim; and
- .2 have sent a Claim to the Surety (at the address described in Section 13).

§ 5.2 Claimants, who are employed by or have a direct contract with the Contractor, have sent a Claim to the Surety (at the address described in Section 13).

§ 6 If a notice of non-payment required by Section 5.1.1 is given by the Owner to the Contractor, that is sufficient to satisfy a Claimant's obligation to furnish a written notice of non-payment under Section 5.1.1.

§7 When a Claimant has satisfied the conditions of Sections 5.1 or 5.2, whichever is applicable, the Surety shall promptly and at the Surety's expense take the following actions:

§ 7.1 Send an answer to the Claimant, with a copy to the Owner, within sixty (60) days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed; and

§ 7.2 Pay or arrange for payment of any undisputed amounts.

§ 7.3 The Surety's failure to discharge its obligations under Section 7.1 or Section 7.2 shall not be deemed to constitute a waiver of defenses the Surety or Contractor may have or acquire as to a Claim, except as to undisputed amounts for which the Surety and Claimant have reached agreement. If, however, the Surety fails to discharge its obligations under Section 7.1 or Section 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.

§ 8 The Surety's total obligation shall not exceed the amount of this Bond, plus the amount of reasonable attorney's fees provided under Section 7.3, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

§ 9 Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any construction performance bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work. § 10 The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for the payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligation to make payments to, or give notice on behalf of, Claimants or otherwise have any obligations to Claimants under this Bond.

§ 11 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

§ 12 No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the state in which the project that is the subject of the Construction Contract is located or after the expiration of one year from the date (1) on which the Claimant sent a Claim to the Surety pursuant to Section 5.1.2 or 5.2, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

§ 13 Notice and Claims to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears. Actual receipt of notice or Claims, however accomplished, shall be sufficient compliance as of the date received.

§ 14 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

§ 15 Upon request by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor and Owner shall promptly furnish a copy of this Bond or shall permit a copy to be made.

§16 Definitions

§ 16.1 Claim. A written statement by the Claimant including at a minimum:

- .1 the name of the Claimant;
- .2 the name of the person for whom the labor was done, or materials or equipment furnished;
- .3 a copy of the agreement or purchase order pursuant to which labor, materials or equipment was furnished for use in the performance of the Construction Contract;
- .4 a brief description of the labor, materials or equipment furnished;
- .5 the date on which the Claimant last performed labor or last furnished materials or equipment for use in the performance of the Construction Contract;
- .6 the total amount earned by the Claimant for labor, materials or equipment furnished as of the date of the Claim;
- .7 the total amount of previous payments received by the Claimant; and
- .8 the total amount due and unpaid to the Claimant for labor, materials or equipment furnished as of the date of the Claim.

§ 16.2 Claimant. An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials or equipment for use in the performance of the Construction Contract. The term Claimant also includes any individual or entity that has rightfully asserted a claim under an applicable mechanic's lien or similar statute against the real property upon which the Project is located. The intent of this Bond shall be to include without limitation in the terms "labor, materials or equipment" that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials or equipment were furnished.

§ 16.3 Construction Contract. The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and all changes made to the agreement and the Contract Documents.

§ 16.4 Owner Default. Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

§ 16.5 Contract Documents. All the documents that comprise the agreement between the Owner and Contractor.

§ 17 If this Bond is issued for an agreement between a Contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

§ 18 Modifications to this bond are as follows:

Power of Attorney

KNOW ALL MEN BY THESE PRESENTS, that ATLANTIC SPECIALTY INSURANCE COMPANY, a New York corporation with its principal office in Plymouth, Minnesota, does hereby constitute and appoint: Heidi D. Pattenaude, Jennifer A. Jarosz, Judy K. Wilson, Kathy S. Zack, Kristie A. Pudvan, Michael C. Schatz, Nicholas R. Hylant, Susan E. Hurd, Theresa J. Foley, Vicki S. Duncan, each individually if there be more than one named, its true and lawful Attorney-in-Fact, to make, execute, seal and deliver, for and on its behalf as surety, any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof; provided that no bond or undertaking executed under this authority shall exceed in amount the sum of: unlimited and the execution of such bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof in pursuance of these presents, shall be as binding upon said Company as if they had been fully signed by an authorized officer of the Company and sealed with the Company seal. This Power of Attorney is made and executed by authority of the following resolutions adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

Resolved: That the President, any Senior Vice President or Vice-President (each an "Authorized Officer") may execute for and in behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and affix the seal of the Company thereto; and that the Authorized Officer may appoint and authorize an Attorney-in-Fact to execute on behalf of the Company any and all such instruments and to affix the Company seal thereto; and that the Authorized Officer may at any time remove any such Attorney-in-Fact and revoke all power and authority given to any such Attorney-in-Fact.

Resolved: That the Attorney-in-Fact may be given full power and authority to execute for and in the name and on behalf of the Company any and all bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof, and any such instrument executed by any such Attorney-in-Fact shall be as binding upon the Company as if signed and sealed by an Authorized Officer and, further, the Attorney-in-Fact is hereby authorized to verify any affidavit required to be attached to bonds, recognizances, contracts of indemnity, and all other writings obligatory in the nature thereof.

This power of attorney is signed and sealed by facsimile under the authority of the following Resolution adopted by the Board of Directors of ATLANTIC SPECIALTY INSURANCE COMPANY on the twenty-fifth day of September, 2012:

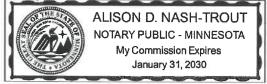

Resolved: That the signature of an Authorized Officer, the signature of the Secretary or the Assistant Secretary, and the Company seal may be affixed by facsimile to any power of attorney or to any certificate relating thereto appointing an Attorney-in-Fact for purposes only of executing and sealing any bond, undertaking, recognizance or other written obligation in the nature thereof, and any such signature and seal where so used, being hereby adopted by the Company as the original signature of such officer and the original seal of the Company, to be valid and binding upon the Company with the same force and effect as though manually affixed.

IN WITNESS WHEREOF, ATLANTIC SPECIALTY INSURANCE COMPANY has caused these presents to be signed by an Authorized Officer and the seal of the Company to be affixed this first day of January, 2023.

RPORAT

STATE OF MINNESOTA HENNEPIN COUNTY

On this first day of January, 2023, before me personally came Sarah A. Kolar, Vice President and General Counsel of ATLANTIC SPECIALTY INSURANCE COMPANY, to me personally known to be the individual and officer described in and who executed the preceding instrument, and she acknowledged the execution of the same, and being by me duly sworn, that she is the said officer of the Company aforesaid, and that the seal affixed to the preceding instrument is the seal of said Company and that the said seal and the signature as such officer was duly affixed and subscribed to the said instrument by the authority and at the direction of the Company.

ism Narla

Notary Public

By

I, the undersigned, Secretary of ATLANTIC SPECIALTY INSURANCE COMPANY, a New York Corporation, do hereby certify that the foregoing power of attorney is in full force and has not been revoked, and the resolutions set forth above are now in force.

Signed and sealed. Dated_ 28th day of April This Power of Attorney expires

Power of Attorney expire January 31, 2030

SECTION VIII

SECTION A

Bella Collina Community Development District Performance Measures/Standards & Annual Reporting Form

October 1, 2025 - September 30, 2026

1. Community Communication and Engagement

Goal 1.1: Public Meetings Compliance

Objective: Hold at least three regular Board of Supervisor meetings per year to conduct CDD related business and discuss community needs.

Measurement: Number of public board meetings held annually as evidenced by meeting minutes and legal advertisements.

Standard: A minimum of three board meetings were held during the Fiscal Year. Achieved: Yes \Box No \Box

Goal 1.2: Notice of Meetings Compliance

Objective: Provide public notice of meetings in accordance with Florida Statutes, using at least two communication methods.

Measurement: Timeliness and method of meeting notices as evidenced by posting to CDD website, publishing in local newspaper and via electronic communication. **Standard:** 100% of meetings were advertised per Florida statute on at least two mediums (i.e., newspaper, CDD website, electronic communications). **Achieved:** Yes \Box No \Box

Goal 1.3: Access to Records Compliance

Objective: Ensure that meeting minutes and other public records are readily available and easily accessible to the public by completing monthly CDD website checks.

Measurement: Monthly website reviews will be completed to ensure meeting minutes and other public records are up to date as evidenced by District Management's records.

Standard: 100% of monthly website checks were completed by District Management.

Achieved: Yes 🗆 No 🗆

2. Infrastructure and Facilities Maintenance

Goal 2.1: Field Management and/or District Management Site Inspections

Objective: Field manager and/or district manager will conduct inspections per District Management services agreement to ensure safety and proper functioning of the District's infrastructure.

Measurement: Field manager and/or district manager visits were successfully completed per management agreement as evidenced by field manager and/or district manager's reports, notes or other record keeping method.

Standard: 100% of site visits were successfully completed as described within district management services agreement.

Achieved: Yes 🗆 No 🗆

Goal 2.2: District Infrastructure and Facilities Inspections

Objective: District Engineer will conduct an annual inspection of the District's infrastructure and related systems.

Measurement: A minimum of one inspection completed per year as evidenced by district engineer's report related to district's infrastructure and related systems.

Standard: Minimum of one inspection was completed in the Fiscal Year by the district's engineer.

Achieved: Yes \Box No \Box

3. Financial Transparency and Accountability

Goal 3.1: Annual Budget Preparation

Objective: Prepare and approve the annual proposed budget by June 15 and final budget was adopted by September 30 each year.

Measurement: Proposed budget was approved by the Board before June 15 and final budget was adopted by September 30 as evidenced by meeting minutes and budget documents listed on CDD website and/or within district records.

Standard: 100% of budget approval & adoption were completed by the statutory deadlines and posted to the CDD website.

Achieved: Yes □ No □

Goal 3.2: Financial Reports

Objective: Publish to the CDD website the most recent versions of the following documents: Annual audit, current fiscal year budget with any amendments, and most recent financials within the latest agenda package.

Measurement: Annual audit, previous years' budgets, and financials are accessible to the public as evidenced by corresponding documents on the CDD's website.

Standard: CDD website contains 100% of the following information: Most recent annual audit, most recent adopted/amended fiscal year budget, and most recent agenda package with updated financials.

Achieved: Yes 🗆 No 🗆

Goal 3.3: Annual Financial Audit

Objective: Conduct an annual independent financial audit per statutory requirements and publish the results to the CDD website for public inspection, and transmit to the State of Florida.

Measurement: Timeliness of audit completion and publication as evidenced by meeting minutes showing board approval and annual audit is available on the CDD's website and transmitted to the State of Florida.

Standard: Audit was completed by an independent auditing firm per statutory requirements and results were posted to the CDD website and transmitted to the State of Florida.

Achieved: Yes 🗆 No 🗆

SECTION B

Bella Collina Community Development District Performance Measures/Standards & Annual Reporting Form

October 1, 2024 – September 30, 2025

1. Community Communication and Engagement

Goal 1.1: Public Meetings Compliance

Objective: Hold at least three regular Board of Supervisor meetings per year to conduct CDD related business and discuss community needs.

Measurement: Number of public board meetings held annually as evidenced by meeting minutes and legal advertisements.

Standard: A minimum of three board meetings were held during the Fiscal Year. Achieved: Yes \Box No \Box

Goal 1.2: Notice of Meetings Compliance

Objective: Provide public notice of meetings in accordance with Florida Statutes, using at least two communication methods.

Measurement: Timeliness and method of meeting notices as evidenced by posting to CDD website, publishing in local newspaper and via electronic communication. **Standard:** 100% of meetings were advertised per Florida statute on at least two mediums (i.e., newspaper, CDD website, electronic communications). **Achieved:** Yes \Box No \Box

Goal 1.3: Access to Records Compliance

Objective: Ensure that meeting minutes and other public records are readily available and easily accessible to the public by completing monthly CDD website checks.

Measurement: Monthly website reviews will be completed to ensure meeting minutes and other public records are up to date as evidenced by District Management's records.

Standard: 100% of monthly website checks were completed by District Management.

Achieved: Yes 🗆 No 🗆

2. Infrastructure and Facilities Maintenance

Goal 2.1: Field Management and/or District Management Site Inspections

Objective: Field manager and/or district manager will conduct inspections per District Management services agreement to ensure safety and proper functioning of the District's infrastructure.

Measurement: Field manager and/or district manager visits were successfully completed per management agreement as evidenced by field manager and/or district manager's reports, notes or other record keeping method.

Standard: 100% of site visits were successfully completed as described within district management services agreement.

Achieved: Yes 🗆 No 🗆

Goal 2.2: District Infrastructure and Facilities Inspections

Objective: District Engineer will conduct an annual inspection of the District's infrastructure and related systems.

Measurement: A minimum of one inspection completed per year as evidenced by district engineer's report related to district's infrastructure and related systems.

Standard: Minimum of one inspection was completed in the Fiscal Year by the district's engineer.

Achieved: Yes \Box No \Box

3. Financial Transparency and Accountability

Goal 3.1: Annual Budget Preparation

Objective: Prepare and approve the annual proposed budget by June 15 and final budget was adopted by September 30 each year.

Measurement: Proposed budget was approved by the Board before June 15 and final budget was adopted by September 30 as evidenced by meeting minutes and budget documents listed on CDD website and/or within district records.

Standard: 100% of budget approval & adoption were completed by the statutory deadlines and posted to the CDD website.

Achieved: Yes □ No □

Goal 3.2: Financial Reports

Objective: Publish to the CDD website the most recent versions of the following documents: Annual audit, current fiscal year budget with any amendments, and most recent financials within the latest agenda package.

Measurement: Annual audit, previous years' budgets, and financials are accessible to the public as evidenced by corresponding documents on the CDD's website.

Standard: CDD website contains 100% of the following information: Most recent annual audit, most recent adopted/amended fiscal year budget, and most recent agenda package with updated financials.

Achieved: Yes 🗆 No 🗆

Goal 3.3: Annual Financial Audit

Objective: Conduct an annual independent financial audit per statutory requirements and publish the results to the CDD website for public inspection, and transmit to the State of Florida.

Measurement: Timeliness of audit completion and publication as evidenced by meeting minutes showing board approval and annual audit is available on the CDD's website and transmitted to the State of Florida.

Standard: Audit was completed by an independent auditing firm per statutory requirements and results were posted to the CDD website and transmitted to the State of Florida.

Achieved: Yes 🗆 No 🗆

NOTICE OF MEETING DATES BELLA COLLINA COMMUNITY DEVELOPMENT DISTRICT Fiscal Year 2026

The Board of Supervisors of the *Bella Collina Community Development District* will hold the remainder of their regularly scheduled public meetings for *Fiscal Year 2026* at 10:00 *am at the Siena at Bella Collina, 16300 County Road 455, Montverde, Florida 34756,* on the second Thursday as follows:

October 9, 2025 November 13, 2025 December 11, 2025 January 8, 2026 February 12, 2026 March 12, 2026 April 9, 2026 May 14, 2026 June 11, 2026 July 9, 2026 August 13, 2026 September 10, 2026

The meetings are open to the public and will be conducted in accordance with the provisions of Florida Law for Community Development Districts. A copy of the agenda for a particular meeting may be obtained from the District Manager at 219 E. Livingston Street, Orlando, FL 32801; (407) 841-5524, during normal business hours, or by visiting the District's website at https://bellacollinacdd.com.

A meeting may be continued to a date, time, and place as evidenced by motion of the majority of Board Members participating at that meeting. There may be occasions when one or more Supervisors will participate by telephone.

Any person requiring special accommodations at a meeting because of a disability or physical impairment should contact the District Office at (407) 841-5524 at least forty-eight (48) hours prior to the meeting. If you are hearing or speech impaired, please contact the Florida Relay Service 1-800-955-8770, for aid in contacting the District Office.

Each person who decides to appeal any action taken at these meetings is advised that person will need a record of the proceedings and that accordingly, the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which such appeal is to be based.

> George S. Flint Governmental Management Services – Central Florida, LLC District Manager

Past performance is no guarantee of future results.

Views are as of the issue date and are subject to change based on market conditions and other factors. These views should not be construed as a recommendation for any specific security.

An investment in Florida PRIME is neither insured nor guaranteed by the Federal Deposit Insurance Corporation or any other government agency.

Although money market funds seek to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in this fund.

INTRODUCTION

This report is prepared for stakeholders in Florida PRIME in accordance with Section 218.409(6)(a), Florida Statutes. The statute requires:

(1) Reporting of any material impacts on the funds and any actions or escalations taken by staff to address such impacts;

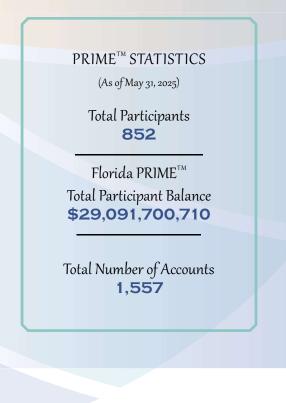

(2) Presentation of a management summary that provides an analysis of the status of the current investment portfolio and the individual transactions executed over the last month; and

(3) Preparation of the management summary "in a manner that will allow anyone to ascertain whether the investment activities during the reporting period have conformed to investment policies."

This report, which covers the period from May 1, 2025, through May 31, 2025, has been prepared by the SBA with input from Federated Hermes ("Federated"), investment advisor for Florida PRIME in a format intended to comply with the statute.

DISCLOSURE OF MATERIAL IMPACTS

During the reporting period, Florida PRIME was in material compliance with investment policy. There were no developments that had a material impact on the liquidity or operation of Florida PRIME. Details are available in the PRIME policy compliance table. This report also includes details on market conditions; fees; fund holdings, transactions and performance; and client composition.

FACTS-AT-A-GLANCE PRIME is an exclusive service for Florida governmental organizations, providing a cost-effective investment vehicle for their surplus funds. Florida PRIME, the Local Government Surplus Funds Trust Fund, is utilized by hundreds of governmental investors including state agencies, state universities and colleges, counties, cities, special districts, school boards, and other direct support organizations of the State of Florida.

Florida PRIME is a government investment pool that offers management by an industry leader in professional money management, conservative investment policies, an extensive governance framework, a Standard & Poor's "AAAm" rating, full transparency, and best-in-class financial reporting.

PORTFOLIO MANAGER COMMENTARY

President Trump has tested the bulwark protecting the Federal Reserve from political interference and found it as sturdy as ever. His insults of Chair Powell are one thing, but claiming he had the authority to fire him is another. That stance threatened the Fed's independent stature and was serious enough to earn a slapdown by the bond market. No one bullies like bondholders.

But when the administration dismissed the leaders of two independent agencies, the National Labor Relations Board and the Merit Systems Protection Board, concern arose that Trump might try an end-around to replace the Federal Reserve Board of Governors, which, of course, includes Powell. Thankfully, the Supreme Court stepped in. While it affirmed that the White House could dismiss the directors in question, it proactively shut the door on any similar attempt with the central bank: "The Federal Reserve is a uniquely structured, quasi-private entity that follows in the distinct historical tradition of the First and Second Banks of the United States." That ruling came on May 22, though as far as the Fed is concerned, it might as well have happened on July 4.

The fact that the high court issued this carveout without being specifically asked about it should convince Trump that he has no case. This doesn't mean he will stop. He recently met with Powell at the White House to say the chair is, "making a mistake by not lowering interest rates," according to the president's spokesperson. The June 18 Federal Open Market Committee (FOMC) meeting is all but certain to result in no rate change. It is equally clear that Trump will continue to criticize Powell.

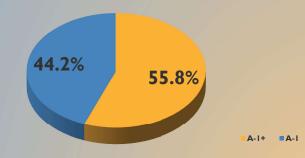

An updated Summary of Economic Projections is always notable, and the FOMC will release one at the meeting, but it might not hold as much insight as usual. So long as the fog that is the administration's fiscal and trade policy obscures the state of the economy, Fed voters are likely to reiterate their "wait-and-see" position.

At the end of the month, yields on 1-, 3-, 6- and 12-month US Treasuries were 4.28%, 4.34%, 4.31% and 4.10%, respectively.

FUND PERFORMANCE THROUGH MAY 2025

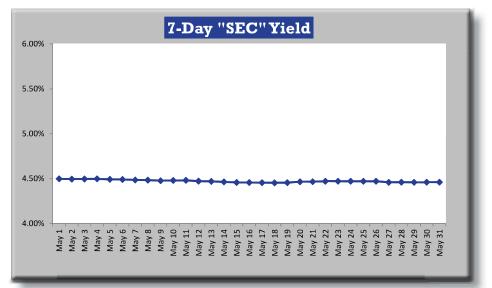

| | | Florida PRIME P | erformance Data |
|--------------|--|-----------------------------------|----------------------------|
| | Annualized Net Participant Yield ¹ | Net-of-Fee Benchmark ² | Above (Below) Benchmark |
| One Month | 4.57% | 4.38% | 0.20% |
| Three Months | 4.58% | 4.34% | 0.24% |
| One Year | 5.02% | 4.77% | 0.25% |
| Three Years | 4.80% | 4.45% | 0.35% |
| Five Years | 2.95% | 2.69% | 0.26% |
| Ten Years | 2.19% | I. 9 3% | 0.26% |
| Since 1/96 | 2.62% | 2.40% | 0.22% |

Note: Net asset value at month end: \$29,090.4 million, which includes investments at market value, plus all cash, accrued interest receivable and payables., ¹Net of fees. Participant yield is calculated on a 365-day basis and includes adjustments for expenses and other accounting items to reflect realized earnings by participants. ²The net-of-fee benchmark is the S&P AAA/AA Rated GIP All 30-Day Net Index for all time periods.

ABOUT ANNUALIZED YIELDS:

Performance data in the table and chart is annualized, meaning that the amounts are based on yields for the periods indicated, converted to their equivalent return based on actual days in a period, if obtained for a 12-month period.

For example, ignoring the effects of compounding, an investment that earns 0.10% over a 1-month period yields 1.20% on an annualized basis. Likewise, an investment that earns a total of 3.60% over three years yields 1.20% on an annualized basis, ignoring compounding.

The 7-Day "SEC" Yield in the chart is calculated in accordance with the yield methodology set forth by SEC Rule 2a-7 for money market funds. The 7-day yield = net income earned over a 7-day period / average units outstanding over the period / 7 times 365. Note that unlike other performance measures, the SEC yield does not include realized gains and losses from sales of securities.

PRIME ACCOUNT SUMMARY FOR MAY 2025

| | Summ | ary of Cash Flows |
|----------------------------|------|-------------------|
| Opening Balance (05/01/25) | \$ | 30,747,287,507 |
| Participant Deposits | | 1,794,025,116 |
| Gross Earnings | | 114,462,167 |
| Participant Withdrawals | | (3,563,356,228) |
| Fees | | (717,852) |
| Closing Balance (05/31/25) | \$ | 29,091,700,710 |
| Net Change over Month | \$ | (1,655,586,797) |

| | Detailed Fee Disclosure Basis Point | | | | | |
|-------------------------------------|--|-------------|--|--|--|--|
| May | Amount | Equivalent* | | | | |
| SBA Client Service, Account Mgt. & | | | | | | |
| Fiduciary Oversight Fee | \$ 253,791.96 | 1.02 | | | | |
| Federated Investment Management Fee | 547,706.66 | 2.20 | | | | |
| BNY Mellon Custodial Fee** | (101,918.29) | -0.41 | | | | |
| Bank of America Transfer Agent Fee | 8,595.94 | 0.03 | | | | |
| S&P Rating Maintenance Fee | 4,552.88 | 0.02 | | | | |
| Audit/External Review Fees | 5,122.98 | 0.02 | | | | |
| Total Fees | \$ 717,852.13 | 2.88 | | | | |

*The basis point equivalent is an annualized rate based on the dollar amount of fees charged for the month times 12, divided by an average of the fund's beginning and ending total value (amortized cost) for the month which w as \$29,919,494,108.

**All custodian banking fees are allocated based on both market value (size) and level of service accurately passing through all charges to pool participants. Charges may fluctuate month-to-month. The figure is negative due to an overstatment from April.

The data included in this report is unaudited.

COMPLIANCE WITH INVESTMENT POLICY FOR MAY 31,2025

As investment manager, Federated monitors compliance daily on Florida PRIME to ensure that investment practices comply with the requirements of the Investment Policy Statement (IPS). Federated provides a monthly compliance report to the SBA and is required to notify the Investment Oversight Group (IOG) of compliance exceptions within 24 hours of identification. The IOG will meet as necessary based on the occurrence and resolution of compliance exceptions or upon the occurrence of a material event. Minutes from the IOG meetings are posted to the Florida PRIME website.

In addition to the compliance testing performed by Federated, SBA Risk Management and Compliance conducts daily independent testing on Florida PRIME using a risk-based approach. Under this approach, each IPS parameter is ranked as "High" or "Low" with respect to the level of risk associated with a potential guideline breach. Negative test results are subject to independent verification and review for possible escalation. These rankings, along with the frequency for testing, are reviewed and approved by the IOG on an annual basis or more often if market conditions dictate. Additionally, any parameter reported in "Fail" status on the Federated compliance report, regardless of risk ranking, is also independently verified and escalated accordingly. The results of independent testing are currently reported monthly to the IOG.
